

Families of 6th and 7th grade iPad Teams:

Due to the complications of pandemic-related contact issues, we will not be picking up your iPad at the end of this year, unless you are moving away and will not be returning to Skyview next year. You will keep your iPad over the summer. I am requesting that all iPads are stored in a safe location in your house and are NOT being used for ANY REASON. We will be putting a remote lock on your iPad which will disable all applications from May 27th at 3:30pm through the beginning of next school year (date TBA). We suggest this safe place is in the possession of your parents. You do not need to charge the iPad until next school year.

Families of 8th grade iPad Teams:

iPad Turn in is MANDATORY during your assigned Drive By Pick up/Drop off!
(May 21 8:00am to 11:30, or 12:30 - 4:00pm)

Because you will not be returning to Skyview next year, we need to collect your iPad, cord, charger and cover. Please bring all of these items on your day for Drive By Pick up/Drop off. Before you pack up your iPad, you will need to reset your password.

1. Log out of your Apple ID.
2. Next, go into settings and select "erase all content and settings."
3. This should take you to the "Hello" screen. You are finished.

Packing up your iPad for drop off: You will need to GENTLY remove the cover and put EVERYTHING (iPad, cover, cord, brick) in a ziplock plastic bag with your name on it. When you get to this station, we will do a quick inspection and you will sign a document that you have returned all parts. Fines will be assessed at a later date and will be emailed to you.
