Dustin Horras, Principal

Elizabeth Dalzell-Wagers, Assistant Principal

Jenny Breeding, Assistant Principal

2020-21 school year
Virtual Learning

Due to the current health pandemic, many families have requested the option to participate in virtual learning while current guidelines and restrictions are in place for the 2020-21 school year.

By completing the information below, I am confirming our family's choice to have my child (listed) participate in virtual learning and I understand the following:

- My child will participate in virtual learning for the 2020-21 school year, or until the health crisis is diminished.
- My child will remain enrolled at Horizon Middle School while engaged in virtual learning.
- Virtual learning will consist of core classes (Math, ELA, Science, Social Studies) and intervention classes.
- My student may be expected to spend up to five hours engaging in learning each school day, students will have 4 or 5 classes depending on need. Enrichments may be offered as an option for students.
- My student will have virtual access to a teacher, during the assigned and communicated time for each subject area during the school day.
- As with all students, teachers are available by email and will respond within 24 hours.
- Teachers will record attendance each day and students will need to participate in learning to be marked present. If an absence is necessary, an adult will need to call into the school to excuse the absence (same as for in-person learning).
- If virtual learning is no longer feasible for my family, I will contact the school and request to begin in-person learning. (may take up to 5 school days to grant)
- My student has access to appropriate technology at home OR I have requested a ChromeBook from the school.

*Please complete the information on the next page and return to the school as soon as possible.
