APPROVED BY: Peter Hilts, Chief Education Officer, Brett Ridgway, Chief Business Officer, Pedro Almeida, Chief Operations Officer

DATE: March 26, 2018
The administration proposes to add Falcon AeroLab as another specialized program option for home school students. Falcon AeroLab is a D49 implementation of a special program that has run successfully at the Wings Aerospace Academy Charter School and at Colorado Military Academy. Falcon AeroLab is a CTE and STEM program designed to prepare students for careers and leadership in aviation and related fields. The program exposes middle school students to flight through simulations, fixed wing drone construction and operations, rocketry, quad rotor drone construction and operations, glider flight, powered flight, and virtual skydiving in a wind tunnel. The program will operate out of a currently unused classroom in the modular pod at Falcon Legacy campus. Our district attorney is familiar with the program and has reviewed the contract for service.

Additional information about the program as it is currently operated is available through a website at [https://www.falconaerolab.org](https://www.falconaerolab.org)

**RELEVANT DATA AND EXPECTED OUTCOMES:**

After multiple years of successful operations, Falcon AeroLab is a proven program delivering tuition-free STEM learning for families that choose to school at home. We project the program will serve between 40 and 60 students in the 2018-2019 school year. The district will contract with Falcon AeroLab to provide the program in a district space with all appropriate training, insurance, safety protocols, and parental permission. Falcon AeroLab has many similarities to the High Performance Program at Springs Studio for Academic Excellence in that it is a district program using district resources to serve a very specific set of needs and interests.

**IMPACTS ON THE DISTRICT’S MISSION PRIORITIES—THE RINGS AND ROCKS:**

Falcon AeroLab will augment the district’s portfolio of schools by adding programming to meet an existing demand for STEM and CTE options for homeschool students and families.

Falcon AeroLab matches our strategic priorities of trust and community engagement because it is a community program developed by local leaders in response to local parent and student interest.

Offering a CTE STEM program for middle-level home school learners enhances our robust portfolio of schools with another distinct and exceptional program.

Falcon AeroLab provides a survey of aviation careers that will serve as a firm foundation for learners who aspire to launch into all sorts of aviation careers.
**Recommended Course Of Action/Motion Requested:** The administration recommends that the board approve the addition of Falcon AeroLab as a consent item at the regular meeting on April 12, 2018.

Recommended Course of Action/Motion Requested: I move to approve the consent agenda, including the minutes from the March 28th special board of education meeting.

Approved By: Dave Cruson, Board Secretary

Date: March 30, 2018
BACKGROUND INFORMATION: DESCRIPTION OF EXPECTATION/NEED/OPPORTUNITY:

Over the past several years, the human resources department (HR) has focused on increasing efficiency and capacity and on growing expertise in HR’s areas of service. As a result of changes in work processes and technology, some roles have changed. Therefore, the HR department leadership has performed a review of HR team member roles and responsibilities. The director of HR will present proposed revisions to the following existing job descriptions:

- Human Resources Specialist
- Human Resources Specialist – Attendance and Substitute Personnel
- Human Resources Specialist – Charter School Support
- Administrative Secretary & Receptionist.

RATIONALE:

District 49 uses job descriptions to articulate work to be performed and to provide clarity to applicants for and employees in each position. As departments within the organization change, so does the work performed. It is good practice to periodically review job descriptions to ensure they accurately portray the work being performed.

RELEVANT DATA AND EXPECTED OUTCOMES:

The job descriptions presented include revisions to job title and/or to essential duties and responsibilities. The leave specialist position also includes a change in pay range. The proposed change in compensation level is intended to recognize the significant complexity associated with the position and aide in attracting and retaining the right talent for this position.

The addition of the leave specialist a year ago has proved to be essential to performance improvement in the management of leaves of absence and disability accommodation. Now that this position is further established, it is evident that it requires significant subject matter expertise, more advanced knowledge of employment law and employment policy, and a greater degree of professional judgment than required in the staffing specialist positions.

The leave specialist position requires the ability to understand and work with various leave laws such as FMLA, ADA and the interactive process, USERRA and applicable board policies. It also requires complex problem solving and significant exercise of discretion and independent judgment.

The person in this role must lead with compassion and empathy, while effectively managing the medical or leave situation within the confines of the law. This role works independently across all levels of the organization to provide training and resources on the legal requirements of leaves in addition to the transactional elements of processing paperwork for approximately 2000 employees. The person in this role must have the ability to:

- Navigate difficult conversations with both employees and supervisors. Facilitate transfers, placements and light duty restrictions; oversee the leave situation through the entire life cycle which could result in separation or dismissal.
- Mitigate exposure to risk for the district. There is significant risk associated with leaves and disability accommodation. In 2017, 31.9% of EEOC claims were disability claims.
Item 7.01 continued

- Forecast potential pay implications based on the timing and unique circumstance of each leave, process complex pay transactions and adjust annualized pay accordingly.
- Implement and maintain precise tracking and auditing processes for each leave situation.
- Maintain confidentiality and adherence to HIPAA guidelines.

Therefore, HR leadership proposes moving the leave specialist from ESP range 16 to ESP range 24.

**Budget Impact:** The leave specialist position is currently placed in ESP range 16 (starting range from $32,000 to $43,000 annual based on experience). The administration recommends moving this position to ESP range 24 (starting range $38,500 to $52,700 annual based on experience). The increase in annual salary is approximately $8,500 (depending on actually placement). With PERA, the annual budget increase is $10,000. However, the increased cost will be offset by a separate staffing in the HR department which will occur by July 1, 2018. Therefore, for fiscal year 18-19, no additional personnel budget will be needed as a result of the leave specialist change, as noted in the Budget Impact section above.

**Amount Budgeted:** $12,000 is budgeted for the leave specialist position for the final three months of the 17-18 fiscal year. It is estimated that an additional $3,000 is needed for the 17-18 school year.

**Recommended Course of Action/Motion Requested:** Move to approve the amended job descriptions in item 7.01 as recommended by the administration.

BOARD MEETING OF: April 12, 2018
PREPARED BY: Peter Hilts, Chief Education Officer
TITLE OF AGENDA ITEM: Approval of Resolution for Teacher Appreciation Week
ACTION/INFORMATION/DISCUSSION: Action

BACKGROUND OR RATIONALE
The success of any community depends on the quality of its educational system. We are fortunate to live in a community that believes that the preparation for the next generation of leaders is the responsibility of the entire community.

District 49 is grateful for the support of our community members and wants them to know that we believe we have the finest teaching professionals educating our children.

May 7-11, 2018 is National Teacher Appreciation Week and we encourage community members and parents to let our teachers know how much we appreciate their commitment to ensuring the success of every student. Please take the time to say thank you. Send a card, make a phone call, or send an email.

RELEVANT DATA AND EXPECTED OUTCOMES:
Recognition of the importance of the work of educating the community’s children is to the district. Teaching is the most worthy of professions because teachers really do create the future and make it a reality for our students.

BOARD OF EDUCATION ITEM 7.03
OPPORTUNITY AND RISK: DECISION ANALYSIS FOR MAJOR DISCUSSION AND ACTION ITEMS

BOARD MEETING OF:  April 12, 2018
PREPARED BY:  Dr. Nancy Lemmond, Executive Director for Individualized Education
TITLE OF AGENDA ITEM:  Policy JFABE and JFABE-R Students in Foster Care
ACTION/INFORMATION/DISCUSSION:  Action

BACKGROUND INFORMATION: DESCRIPTION OF EXPECTATION/NEED/OPPORTUNITY:
With federal changes to McKinney-Vento, foster children are no longer covered under McKinney-Vento. Foster children are now covered under the Every Student Succeeds Act (ESSA). Changes to McKinney-Vento and ESSA require changes to district policies. JFABE and JFABE-R capture the current requirements.

RATIONALE:
Changes to our district policies keeps us aligned with changes to federal statutes.

RELEVANT DATA AND EXPECTED OUTCOMES:
We support approximately 150 placements – both into and out of the district – for foster children throughout the school year. We expect to continue to offer and provide a high level of support while working to maintain school stability whenever possible and when determined to be in the best interest of the child.

INNOVATION AND INTELLIGENT RISK:
Risk is low as the policies are warranted based upon changes in federal statutes and are a continuation of our current process and procedures.

**Child welfare education liaison**

At least one district staff member shall be designated to serve as the child welfare education liaison. In lieu of designating a district employee, the district may contract with an individual or request that the district’s Board of Cooperative Services (BOCES) designate a BOCES employee to serve as the district’s child welfare education liaison. By August 15 of each year, the district shall report the name and contact information of the district’s child welfare education liaison to the Colorado Department of Education.

The child welfare education liaison shall be responsible for working with child placement agencies, county departments of human services, and the state department of human services to facilitate the prompt and appropriate placement, transfer, and enrollment of students in foster care. The specific duties of the child welfare education liaison shall include, but are not limited to:

- Working with social workers from county departments of human services, juvenile probation officers, and foster care parents to ensure the immediate school enrollment and prompt transfer of student’s education information and records when students are required to change school enrollment due to changes in placement.

- Ensuring that the education information and records of a student in foster care are delivered to the student’s new school within five school days after receiving a request for the transfer of the student’s education information and records from a county department of human services.

- Participating and collaborating on best interest determinations with the local county department of human services; and

- Providing training to district staff on the Title I provisions and educational needs of students in foster care.

In addition to the liaison’s duties pertaining to students in foster care, the district’s child welfare education liaison is designated to receive notice of a student who is transitioning to public school from a state-licensed day treatment facility, facility school or hospital providing inpatient acute care or psychiatric services and who has been determined by that facility, facility school, hospital, or a court to be a risk to himself or herself or the community within the 12 months prior to the proposed transfer to a public school. Under certain circumstances, the child welfare education liaison may receive an invitation to participate in the development of a transition plan for such student.

**Enrollment determinations**

In making enrollment determinations, the child welfare education liaison shall assist appropriate county department of human services representatives in making “best interest of the child” education decisions, particularly the determination of whether or not it is in the best interest of the student in foster care to remain in his/her school of origin or to enroll in a new school.

**Transfer of education records**
If a student in foster care transfers to another school, the sending district shall transfer the student’s education information and records to the receiving school within five school days after receiving a transfer request from the county department of human services that has legal custody of the student.

The sending district may release the student’s education information and records to an employee of the county department of human services for the sole purpose of transferring the education information and records to the student’s new school. Such release shall be in accordance with applicable state and federal law, including the Family Educational Rights and Privacy Act.

If the request for a records transfer involves a student who is receiving special education services pursuant to an individualized education plan, the sending district shall notify its special education director of the records request.

The sending district shall not delay the transfer of education information and records of a student in foster care for any reason, including but not limited to the existence of any unpaid fines or fees.

Enrollment in a new school
If it is determined that it is not in the student’s best interests to remain in his/her school of origin and unless otherwise permitted by state law to deny enrollment, the district or new school shall immediately enroll a student in foster care in the new school regardless of whether:

- The district or school has received the student’s education records or certificate of immunization;
- The student can comply with any requirements pertaining to the use of school uniforms or other clothing restrictions; or
- The student can comply with any other pre-enrollment restrictions or requirements imposed by the District or new school.

If the district or new school enrolls a student in foster care without receiving the student’s certificate of immunization, the district or school shall notify the student’s legal guardian that, unless the district or school receives the student’s certificate of immunization or a written authorization for administration of immunizations within fourteen (14) days after the student enrolls, the student in foster care shall be suspended until such time as the district or school receives the certificate of immunization or authorization.

Transfer of credits
When a student in foster care transfers from one school to another school, the sending school shall certify to the receiving school or district the coursework that the student fully or partially completed while enrolled. The receiving school or district shall accept the student’s certified coursework as if it had been completed at the receiving school.

The receiving school or district shall apply all of the student’s certified coursework toward completion of the student’s requirements for the grade level in which the student is enrolled at the receiving school or for graduation from the receiving school if the student is enrolled in 12th grade. The receiving school or district may award elective credit for any portion of the student’s certified coursework that is not aligned with the curriculum of the receiving school or district.

Transportation
Applicable federal law requires the district to develop procedures to ensure that students in foster care who need transportation to their respective schools of origin promptly receive that transportation, and to ensure that such transportation I arranged and provided in a cost-effective manner. Accordingly, when the district is
notified that a student in foster care needs, or may need, transportation to a district school, the child welfare education liaison will take steps to establish an individualized plan that addresses how transportation to maintain the student in his/her school of origin will be arranged, provided and funded for the duration of time that the student is in foster care and attending his/her school of origin.

In establishing such a plan, the child welfare education liaison and other district staff shall follow any existing transportation procedures that the district, acting in collaboration with one or more relevant departments of human services, has adopted or otherwise expressly agreed to implement for the cost-effective transportation of the student in foster care. If there are additional costs in providing transportation to the school or origin, the district will provide such transportation if:

- The local county department of human services agrees to reimburse the district for the cost of such transportation;
- The district agrees to pay for the cost; or
- The district and local county department of human services agree to share the cost.

OCCUPORTUNITY AND RISK: DECISION ANALYSIS FOR MAJOR DISCUSSION AND ACTION ITEMS

BOARD OF EDUCATION ITEM 7.04

BOARD MEETING OF:    April 12, 2018
PREPARED BY:         Paul Andersen, Director of Human Resources
TITLE OF AGENDA ITEM: Review of Policy CBI/CBI-R, Chief Officer Evaluation
ACTION/INFORMATION/DISCUSSION: Action

BACKGROUND INFORMATION: DESCRIPTION OF EXPECTATION/NEED/OPPORTUNITY:
At the annual planning Annual Peak Planning Retreat in January, the board and chief officers reviewed the chief officer evaluation process as represented in policy CBI and its associated regulation, CBI-R. The board directed the administration to propose changes to the policy and regulation based on the discussion.

RATIONALE:
The proposed policy and regulation revisions will improve the chief officer evaluation process by better aligning the timing of the evaluation steps with the business cycle of each of the three offices. The realigned timelines also better aligns with timing of elections and the resulting changes in the board directors. This will ensure that a board member will have served at least eight months before participating in chief officer performance evaluation.

RELEVANT DATA AND EXPECTED OUTCOMES:

INNOVATION AND INTELLIGENT RISK:

IMPACTS ON THE DISTRICT’S MISSION PRIORITIES—THE RINGS AND ROCKS:
Effective evaluation of the district’s most senior administrators is an essential cultural and strategic activity. It is an opportunity to model for the district’s workforce how we treat each other and how we treat our work and to foster enduring trust throughout.

The board’s evaluation of chief officers is an opportunity to model for the workforce how we treat each other and how we treat our work and to foster enduring trust throughout.

An effective and transparent evaluation process supports enduring trust with our community.

BUDGET IMPACT: n/a

AMOUNT BUDGETED: No additional costs are associated with this item.
RECOMMENDED COURSE OF ACTION/MOTION REQUESTED: After board discussion and review at the previous work session, move to approve the revisions to policy CBI and regulation CBI-R.

APPROVED BY: Peter Hilts, Chief Education Officer
              Brett Ridgway, Chief Business Officer
              Pedro Almeida, Chief Operations Officer

DATE: March 29, 2018
The Board shall institute and maintain a comprehensive program for the evaluation of the chief officers on a regular basis that is agreed upon by the Board and the chief officers. Through evaluation of the chief officers, the Board shall strive to accomplish the following:

1. Clarify the role of the chief officer in the school system as seen by the Board by defining objectives that will contribute to achievement of district-wide goals.
2. Clarify for all Board members the role of the chief officers in view of the job description and the immediate priority among responsibilities as agreed upon by the Board and the chief officers.
3. Develop positive communication and harmonious working relationships between the Board and chief officers.
4. Provide administrative leadership of excellence for the school system including implementation of education programs for the achievement of the educational objectives of the school district, including the district’s academic standards.
5. Measure the chief officers’ professional growth and development and level of performance.

Those portions of the chief officers’ written evaluation relating to the performance in fulfilling adopted district objectives, fiscal management of the district, district planning responsibilities and supervision and evaluation of district personnel shall be available for inspection by the public during regular office hours.

Nothing in this policy shall be construed to imply in any manner the establishment of any personal rights not explicitly established by law or contract. Further, nothing in this policy or the accompanying regulation shall be construed to be a prerequisite to or a condition of suspension, dismissal or termination. All employment decisions remain within the sole and continuing discretion of the Board.

At its January regular meeting, the board shall consider continued employment of each chief officer in the next fiscal year. In the event that a January board meeting does not take place, the board shall consider the matter at its next regular meeting. By approval of a consent agenda item, the Board may express its intent to continue employment. Such consent is not a promise or guarantee of a contract for the next fiscal year. The board may delay consideration of continued employment for a chief officer who is new to position or on performance improvement plan.

Performance Review Metrics-Criteria for the Chief Business Officers
When evaluating a senior executive, it is important to align leadership activity with the district’s strategic plan. Since the strategic plan is operational, it is helpful to use a portfolio review model where the reviewers may examine leadership behavior in the context of daily and long-term activity and accomplishments.

The first six sections organize leadership performance into manageable, observable patterns (i.e. Performance Domains from established standards from CDE). For each section, additional insights might be gleaned from existing surveys and feedback systems or the pursuit of new collections related to a particular performance measure.

The final section lists targets and standards that will provide the quantitative measurements of leadership related to the performance domains.

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** After a first reading at the previous work session, I move to approve the eight policies in item 7.05.

**APPROVED BY:** Peter Hilts, Chief Education Officer; Brett Ridgway, Chief Business Officer; Pedro Almeida, Chief Operations Officer

**DATE:** March 29, 2018
Title: Federal Fiscal Compliance  
Designation: DAC  
Office/Custodian: Business/Accounting Group Manager

Federal funds received by the district shall be administered in accordance with this policy and applicable federal law, including but not limited to the federal Uniform Grant Guidance. The Board designates the Grant Fiscal Compliance Manager as the district contact for all federal programs and funding.

The Chief Business Officer or designee may develop and implement accompanying regulations to assist in the proper administration of federal funds and implementation of this policy, including but not limited to cash management procedures and allowability of costs.

Subrecipient Monitoring

If the district awards sub-grants, the district shall monitor grant subrecipients to ensure compliance with applicable law and Board policy.

Time and Effort Reporting

District employees paid with federal funds shall document the time they expend in work performed in support of each federal program and/or such program’s cost objective(s), in accordance with applicable federal law. Time and effort reporting requirements do not apply to contracted individuals.

Recordkeeping

The district shall maintain proper federal fiscal records in accordance with Board policy and applicable law. Such records shall be retrievable and available for programmatic or financial audit.

CROSS REFS:

- BCB, School Board Member Conflict of Interest
- DJB*, Federal Procurement
- EHB, Records Retention
- GBEA, Staff Ethics/Conflict of Interest
District employees are expected to perform the duties of the position to which they are assigned and to observe rules of conduct and ethical principles established by state law and District policies and regulations.

**Financial Interests**
No employee shall engage in or have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with the employee’s duties of the position to which the employee is assigned.

An employee shall not sell any books, instructional supplies, musical instruments, equipment, or other supplies belonging to the District to any student or to the parents/guardian of a student who attends the school served by the employee unless prior approval has been obtained from the Board of Education.

In addition an employee may not audit, verify, receive or be entrusted with moneys received or handled by a closely related person (see **Close Relationships**).

**Confidential Information**
It shall be understood that all confidential information to which an employee is privy as a result of District employment shall be kept strictly confidential. In addition, employees shall not utilize information solely available to them through school sources to engage in any type of work outside of the District. This includes information concerning potential customers, clients or employers.

**Close Relationships**
To minimize the perception of conflicts of interest and prevent any actual inappropriate activity, this portion of the policy aims to:

1. Prevent either the appearance or the reality of preferential hiring where a senior member of leadership or of one of the sensitive offices including Safety, Human Resources, Business, and Communications might influence the hiring process in favor of a closely related person.
2. Prevent either the appearance or the reality of preferential treatment within the supervision and evaluation system of the district.
3. Prevent either the appearance or reality of financial oversight by one person over the budgets, expenses, or transactions of the other closely related person.
4. Prevent either the appearance or the reality of any breach of confidential information between two closely related persons, where one might have access to confidential or sensitive information and might inappropriately share that information with the other closely related person.

To minimize conflict of interest concerns, the District prohibits the following regarding close relationships:

1. No employee may exercise supervisory, evaluative, appointment, dismissal, or disciplinary authority over another employee when they share a close relationship (family member, life partnership such as a common-law marriage or a business partnership).

2. The Chief Officers may not recommend employment of any person who shares a close relationship with a current: Director of the Board of Education, Chief Officer, Director of Human Resources, or any of their administrative assistants.

3. The Chief Officers may not recommend employment or reassignment of any closely related person of a Zone Leader, Executive Director, Director, Principal, or Assistant Principal (“program leader”) to a position under the supervision and authority of that program leader.

4. No staff member employed in the central offices for Human Resources, Communications, Business, or Safety shall exercise any access to information about or activity by another employee when they share a close relationship.

For purposes of this policy, “close relationship” and “closely related persons” refer to relationships that could cause a conflict of interest and include individuals related by biology, adoption, marriage, domestic partnership or business partnership. Close relationships also refer to sexual or romantic relationships or those sharing a household.

The Chief Officers shall develop regulations to prevent, mitigate, or remedy any prohibited condition during the next contract cycle following the discovery or creation of the conflicted relationship. The Revisions to the close relationships portion of this policy became effective August 15, 2014 and will apply to employment decisions and practices thereafter, not retroactively.

**Gifts**

Employees shall not accept gifts from students except as such gifts represent tokens. Token gifts from parents or students may be received by staff, but must not be solicited. The District considers letters from students expressing gratitude and appreciation to be appropriate.

Individual employees shall refrain from giving gifts to staff members who exercise any administrative or supervisory jurisdiction over them either directly or indirectly. The collection of money for group gifts shall be discouraged except in special circumstances such as bereavement, serious illness or mementos at retirement.

Employees are prohibited from accepting gifts of other than minimal value from companies or organizations doing business with the District. An employee shall not accept a gift from any company or organization if the acceptance of the gift would unduly affect the employee in the performance of District duties. The acceptance of minor items, which are generally distributed by the company or organization through its public relations program, is appropriate for employees to receive. Gifts offered to all employees through the District’s approved programs are appropriate.

To ensure all students have reasonable assistance without charge from their own teachers and to avoid placing a teacher in a position where he or she may have a conflict of interest, teachers shall not be permitted to receive money from parents or any source other than the District for tutoring any student they have in class or upon whose evaluation or assignment they will be called on to pass.

**Conflicts of interest - federally funded transactions**

Separate from state law and the Board’s policies concerning district employees’ standards of conduct and conflict of interest, federal law imposes restrictions on the conduct of district employees whenever the transaction in question is supported by federal funds subject to the Uniform Grant Guidance (UGG).

Under the UGG, a district employee shall not participate in the selection, award or administration of a contract supported by a federal award if the employee has a conflict of interest as defined by the UGG.
A conflict of interest arises under the UGG when the employee, any member of his or her immediate family, his or her business partner, or an organization which employs or is about to employ any of the aforementioned parties has a substantial financial or other interest in or would obtain a substantial tangible personal benefit from a firm considered for a contract.

In addition, the UGG prohibits district employees from soliciting or accepting gratuities, favors, or anything of monetary value from contractors or parties to subcontracts that are federally funded, unless the gift is an unsolicited item of nominal value.

For purposes of this policy section only, "immediate family" means the employee's spouse, partner in a civil union, children and parents. In determining whether a financial or other interest is "substantial," or whether anything solicited or accepted for private benefit is of "nominal value," district employees shall follow the standards of conduct and corresponding definitions applicable to local government employees under state law.

These minimum federal requirements are not waivable in connection with any transaction or contract to which they apply.

An employee who violates the standards of conduct set forth in this policy's section may be subject to disciplinary action, in accordance with applicable law and Board policy.

CROSS REFS:
- GBEB, Staff Conduct
Title: Staff Conduct and Responsibilities
Designation: GBEB
Office/Custodian: Business/Director of Human Resources

All staff members shall have a responsibility to make themselves familiar with and abide by federal and state laws as these effect their work, and the policies and regulations of the district. As representatives of the district and role models for students, all staff shall demonstrate and uphold high professional, ethical and moral standards. **Interactions between staff members must be based on mutual respect and any disputes will be resolved in a professional manner.**

Essential to the success of ongoing school operations and the instructional program are the following specific responsibilities which shall be required of all personnel:

1. Faithfulness and promptness in attendance at work.
2. Support and enforcement of policies of the Board and regulations of the school administration in regard to students.
3. Diligence in submitting required reports promptly at the times specified.
4. Care and protection of school property.
5. Concern and attention toward the safety and welfare of students.

**Professional boundaries**

Staff members shall conduct themselves in a manner that is consistent with the educational mission of the district and shall maintain professional boundaries with students at all times in accordance with this policy’s accompanying regulation. **Interactions between staff members must be based on mutual respect and any disputes will be resolved in a professional manner.**

A staff member may request an advisory opinion from the secretary of state concerning issues relating to conduct that is proscribed by state law. [PAA1]

**Rules of conduct**

Staff members shall conduct themselves in a manner that is consistent with the educational mission of the district and shall maintain professional boundaries with students at all times in accordance with this policy’s accompanying regulation.

Each staff member shall observe rules of conduct established in law, which specify that a school employee shall not:

1. Disclose or use confidential information acquired in the course of employment to substantially further personal financial interest.
2. Accept any gift of substantial value or substantial economic benefit tantamount to a gift of substantial value which would tend to improperly influence a reasonable person in the position, or which the staff member knows or should know is primarily for the purpose of a reward for action taken in which the staff member exercised discretionary authority.
3. Engage in a financial transaction for private business purposes with a person whom the staff member supervises.
4. Perform any action in which the staff member has a discretionary authority, which directly and substantially confers an economic benefit on a business or other undertaking in which the staff member has a substantial financial interest or is engaged as counsel, consultant, representative, or agent.
It is permissible for an employee, in his/her capacity as an employee, to receive:

1. An occasional non-pecuniary gift which is insignificant in value.
3. Payment or reimbursement for actual and necessary expenditures for travel, and subsistence (within the limitations of Board policy) for attendance at a convention, school function, or other meeting at which his/her attendance has been approved by an immediate supervisor.
4. Reimbursement for or acceptance of an opportunity to participate in a social function or meeting which is not extraordinary when viewed in light of the position.
5. Items of perishable or nonpermanent value including but not limited to meals, lodging, travel expenses or tickets to sporting, recreational, educational or cultural events.
6. Payment for speeches, debates, or other public events reported as honorariums.

It shall not be considered a breach of conduct for a staff member to:

7. Use school facilities and equipment to communicate or correspond with constituents, family members, or business associates on an occasional basis, except that long distance personal calls must be placed using a personal credit card or phone card.
8. Accept or receive a benefit as an indirect consequence of transacting district business.

**Felony/misdemeanor convictions**

If, subsequent to beginning employment with the district, the district has good cause to believe that any staff member has been convicted of, or pled nolo contendere to, or received a deferred or suspended sentence for any felony or misdemeanor other than a misdemeanor traffic offense or infraction, the district shall make inquiries to the Department of Education for purposes of screening the employee.

In addition, the district shall require the employee to submit a complete set of fingerprints taken by a qualified district employee or a qualified law enforcement agency. Fingerprints must be submitted within 20 school days after receipt of written notification. The fingerprints shall be forwarded to the Colorado Bureau of Investigation (CBI) for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing the records of the Colorado Bureau of Investigation and the Federal Bureau of Investigation.

Disciplinary action, which could include dismissal from employment, may be taken against personnel if the results of fingerprint processing provide relevant information. Non-licensed employees shall be terminated if the results of the fingerprint-based criminal history record check disclose a conviction for certain felonies, as provided in law.

Employees shall not be charged fees for processing fingerprints under the above-mentioned circumstances.

**Child abuse**

All District employees who have reasonable cause to know or suspect that any child is subjected to abuse or to conditions that might result in abuse or neglect must immediately upon receiving such information report such fact in accordance with policy JLF and state law.

The Chief Education Officer or designee is authorized to conduct an internal investigation or to take any other necessary steps if information is received from a county department of social services or a law enforcement agency that a suspected child abuse perpetrator is a school district employee. Such information shall remain confidential except that the Chief Education Officer shall, as required by law, notify the Colorado Department of Education of the child abuse investigation.
Unlawful behavior involving children
The district may make an inquiry with the Department of Education concerning whether any current employee of the district has been convicted of, pled nolo contendere to, or received a deferred or suspended sentence or deferred prosecution for a felony or misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children. Disciplinary action, including termination, may be taken if the inquiry discloses information relevant to the employee’s fitness for employment.

Personnel addressing health care treatment for behavior issues
School personnel are prohibited under state law from recommending or requiring the use of psychotropic drugs for students. They are also prohibited from testing or requiring testing for a student’s behavior without giving notice to the parent/guardian describing the recommended testing and how any test results will be used and obtaining prior written permission from the student or from the student’s parent/guardian. See policy JLDAC. School personnel are encouraged to discuss concerns about a student’s behavior with the parent/guardian and such discussions may include a suggestion that the parent/guardian speak with an appropriate health care professional regarding any behavior concerns school personnel may have.

Possession of deadly weapons
The Board’s provisions of the policy regarding public possession of deadly weapons on school property or in school buildings shall apply to district employees. However, the restrictions shall not apply to employees who are required to carry or use deadly weapons in order to perform their necessary duties and functions.

Disciplinary action
Violations of this policy may result in disciplinary action up to and including recommendation for dismissal, in accordance with Board policies regarding discipline, suspension and dismissal.

Violations involving sexual or other abuse will also be referred to the Department of Human Services and/or law enforcement in accordance with the Board policy JLF – Reporting Child Abuse/Child Protection.

The district will report violations to the Colorado Department of Education as required by statute and in accordance with Board policy.

Title | Admission of Non-immigrant Foreign Students  
--- | ---  
Designation | JFABB  
Office/Custodian | Education/Director of Culture & Services

School District 49 recognizes the educational and cultural value of international exchange programs and foreign exchange students and authorizes the admission of a limited number of nonimmigrant foreign exchange students to the education programs offered in the district's schools in accordance with this policy and accompanying regulation. The district reserves the right to deny admission to any student, in accordance with applicable law.

Foreign exchange students shall not be considered candidates for high school diplomas from the district. However, these students may be awarded a certificate of completion and at the end of their stay may participate in the graduation ceremony.

This policy and the accompanying regulation apply to non-immigrant foreign exchange students who temporarily reside within the district's boundaries without their parents/legal guardians for the purpose of attending school and who qualify for a visa under regulations issued pursuant to the Immigration and Naturalization Act. This policy and accompanying regulation do not apply to resident aliens, political exiles, or students from other countries residing within the district's boundaries with their parents/legal guardians.

Foreign exchange students will be expected to meet all appropriate standards of any student enrolled in District 49 Schools.

**Foreign exchange students sponsored by an approved program (J-1 visa)**

To protect the interests of the district, its schools and students, only foreign exchange students from an exchange program designated by the United States Department of State will be considered. Foreign exchange students admitted as part of an approved program are considered wards of the families with whom they reside.

Students in the United States on a tourist visa (B-1/B-2) may not enroll in School District 49.

Foreign students on a J-1 visa are not required by law to pay tuition.

**Foreign exchange students privately sponsored (F-1 visa)**

The district administration shall be prohibited from authorizing a “Certificate of Eligibility for Nonimmigrant (F-1) Student Status for Academic Language Students” or the I-20 form for foreign student not associated with recognized foreign exchange programs.

**B-1/B-2 Non-Immigrant Visiting Students**

In accordance with federal law, School District 49 will not enroll students entering the U.S. on a B-1/B-2 visa (visitor visa).
Privately sponsored foreign exchange students may be enrolled if an adult resident of the district has been given temporary guardianship and the student lives in the home of that guardian and if the student meets all legal requirements for a student visa.

Foreign students on an F-1 visa shall only attend secondary schools within the district and are required by law to pay the district for the full, unsubsidized per capita cost to the district for providing education to the student for the period of his or her attendance. The period of attendance may not exceed 12 months.

**Acceptance and Enrollment Process**

Applications for international exchange students wishing to attend a district high school must be completed and presented to the Chief Education Office or designee for screening before being forwarded to the principal or administrative designee of the designated coordinated school based on the host family’s address for review and approval. The application must be submitted by June 1 for fall enrollment and by December 15 for spring enrollment. Typically placements of foreign exchange students are for full year only, however, exceptions may be made by the principal or administrative designee for single semester placements. No placements will be approved for less than a full semester in duration.

Any exchange program wishing to place international students must be a member in good standing with the Council of Standard for International Educational Travel (CSIET).

International students must arrive at the host family’s home and complete the online enrollment process application through the District 49 with Central Registry website and personally come to the Central Enrollment office to complete enrollment prior to going to the high school to create a schedule prior to the start of classes for the semester. The enrollment application will require the host family’s government issued identification, proof of residency and complete exchange application approved by the principal or administrative designee.

It is the Board’s intent to remove barriers to the identification, enrollment and retention of homeless students in school in accordance with state and federal law. The District shall take reasonable steps to ensure that homeless students are not segregated or stigmatized and that decisions are made in the best interest of the student.

Each homeless student shall have access to and shall be provided education services for which the student is eligible, comparable to services provided to other students in the school, including summer school, regardless of residency, including transportation service, education services, career and technical education programs, gifted education programs, and school nutrition programs. Transportation services for homeless students shall be provided in accordance with applicable law. Homeless students shall be provided access to education and other services that they need to ensure that they have an opportunity to meet the same student performance standards to which all students are held. All educational decisions shall be made in the best interest of the student.

The District shall coordinate with other district and with local social services agencies and other agencies or programs providing services to homeless students as needed.

The Chief Education Officer shall designate at least one staff member in the District to serve as the local homeless student liaison and shall fulfill the duties required of the position as set forth in state and federal law. The district shall provide training and other technical assistance to the local liaison(s) and other appropriate district staff regarding the district’s obligations to homeless students. Duties of the local liaison and procedures for identification, decisions on enrollment, and transportation and dispute resolution for homeless students shall be made in accordance with regulation JFABD-R.

- C.R.S. 26-5.7-101 et seq. (Homeless Youth Act)
The Board of Education, pursuant to its authority under Colorado law, hereby adopts this policy. Pursuant to federal law, the district and the parents and families of students participating in Title I district programs have jointly developed the following parent and family engagement policy. The policy shall be implemented by the Chief Education Officer or designee according to the timeline set forth in the policy and incorporated into the district’s Title I plan.

**Involvement with Title I planning**

The district shall ensure that Title I schools will conduct an annual meeting for parents and families of students in Title I schools, as well as school staff, principals of schools receiving Title I funds, and other interested persons to discuss the Title I program plan, review implementation of the Title I plan, discuss how Title I funds allotted for parent and family **Engagement involvement** activities shall be used, and invite suggestions for improvement.

**District support for parent and family Engagement involvement**

The district shall provide coordination, technical assistance, and other support necessary to assist participating schools in building the capacity for effective parent and family engagement activities strong-parent and family involvement to improve student academic achievement and school performance.

This coordination, assistance, and support shall include:

- The district will include family and community engagement as one of the four “Big Rocks” of the District 49 Strategic Plan.
- The district will provide technical support to leadership teams in Title I schools as they develop and evaluate the family and community plan as a part of their annual school improvement process.
- The district will review and monitor the implementation of each Title I school’s family and community engagement plan during regularly scheduled site visits. (These visits will take place at least once per year).
- The district will create partnerships with various community agencies so schools can help their parents know and access available services and resources.
- The district will provide an annual allocation from Title I funds to support parent and family engagement activities at each Title I school.
- The district will communicate to schools the importance of creating and maintaining a welcoming atmosphere for parents and families.
- The district will support Title I schools in their efforts to eliminate language barriers as they communicate with families.

The district shall develop and implement a district professional development plan to enhance the skills of teachers, pupil services personnel, principals, and other staff in:

- Understanding the value and utility of contributions of parents and families
- Strategies for communication and collaboration with parents and families as equal partners
- Implementing and coordinating parent programs
- Building ties between parents and the school
Coordination of parent and family engagement activities with other district programs

The district shall, to the extent feasible and appropriate, coordinate and integrate parent and family engagement programs and activities with other relevant federal, state, and local laws and programs including district preschool and other programs; and conduct other activities that encourage and support parents and families in more fully participating in the education of their students.

The district will convene an annual meeting of staff involved in these programs to ensure coordination of effort in parent involvement activities. Notices and written communication about these programs will be distributed so parents and families know what opportunities and options are available to them and their children.

Student learning

The district shall coordinate and integrate Title I parent and family engagement strategies with those of other educational programs in the district. The purpose of this coordination shall be to improve the academic quality of the schools served, including identifying challenges barriers to greater participation by parents and families in activities authorized by law, particularly by parents and family members who:

- Are economically disadvantaged
- Have disabilities
- Have limited English proficiency
- Have limited literacy
- Are persons of color
- Are parents of immigrant and migratory children

Each Title I school, through the process of developing and evaluating their family and community plan annually, will identify any challenges barriers to meaningful participation of parents and families.

The district shall provide to parents, as appropriate, information to help them understand the district’s state’s academic content and achievement standards, state and local academic assessments, the requirements of Title I, how to monitor students’ academic progress, and how to work with school staff to improve the achievement of students. The district shall develop written materials and training for staff to help parents and families work with students to improve student achievement.

This will be accomplished by:

- Providing support to schools through the Department of Learning Services for conducting training for parents and families to learn about standards, assessments, and improving student achievement.
- Explaining and communicating to parents and families in language that is friendly and understandable.
- Using technology to enhance parent and family access to information.
- Providing brochures and information on ways parents and families can support their child’s literacy and mathematical achievement.

School-based parent and family engagement activities

Each Title I school shall encourage parents and families to become involved in activities of the school by:

- Ensuring that communication between home and school is regular, two-way, and understandable.
- Scheduling parent and family functions at different times of the day and different days of the week.
- Welcoming parents and families in the school while seeking and supporting their assistance.
- Encouraging and supporting parents and families in their important role of assisting student learning.
- Providing parents and families with information about services, activities and opportunities offered at the
Method of communicating with parents and families

All information related to school and parent programs, meetings, and other activities shall be sent to parents and families in a format and, to the extent practicable, in a language the parents can understand.

Annual evaluation

The district shall conduct, with meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of this policy. Effectiveness shall be measured in part by improvements in student academic achievement and in school performance.

The evaluation shall specifically address barriers-challenges to greater participation by parents and families in activities authorized by law, particularly by parents who:

- Are economically disadvantaged
- Have disabilities
- Have limited English proficiency
- Have limited literacy
- Are of any racial or ethnic minority background
- Are parents of immigrant and migratory children

The district shall use the findings of the evaluation to design evidence-based strategies for more effective parent and family engagement and to revise, if necessary, this policy.

The district shall provide such other reasonable support for parent and family engagement activities as parents may request.

Development of school-level Title I parent and family engagement policy

Each school receiving Title I funds shall jointly develop with agree on and distribute to parents and families members of students participating in the Title I program (hereafter referred to as “parents”) a written school-level Title I parent and family engagement policy plan agreed upon by the parents in accordance with the requirements of federal law.

The policy plan shall contain a school-parent compact or agreement that outlines how parents, school staff, and students will share the responsibility of improved student academic achievement and the means by which the school and parents will build and develop a partnership to help students.

Course Description

This year-long course is designed to reinforce and strengthen students’ expressive and receptive skills in American Sign Language. Students will continue developing knowledge of basic signed vocabulary, fingerspelling, numbers, and grammatical structures with the goal of basic conversational competency on a deeper level of understanding. Students will develop both receptive and expressive skills focusing on clarity and fluidity. This course provides deeper understanding into Deaf Culture, traditions, literature, and language.

Objectives

Students will demonstrate the ability to hold a basic conversation while understanding fingerspelling, numbers using proper ASL linguistic structures. Students will strengthen their receptive skills by observing ASL in the classroom, with exposure to native and non-native signers. Expressive skills will be demonstrated through numerous opportunities live in the classroom and recorded on video. Students will have a deeper knowledge of the Deaf Community and Culture by learning history and traditions developed within the past 200 years.

Required Materials

- Writing Utensils -- including a highlighter (any color), pencils recommended for assessments
- Folder or ½ inch binder specifically for this class
- School Email Account
- Access to Google Classroom – code given in class when necessary
- No textbook is assigned. Handouts or worksheets will be provided in class or on Google Classroom

Teaching Methodologies

- Presenting material in signing only environment.
- Teacher models appropriate ASL grammatical structures, engaging students in dialogues.
- Teacher may videotape student's performances to allow for both teacher and student to evaluate/self-evaluate for strengths and weaknesses.
- The course will progress in a cumulative fashion. The content, vocabulary, and grammar will be built upon throughout the year.
- The classroom will be set up for optimal line of vision so all can be seen. The room will be set up in either a full circle or semi-circle.
- Involvement and interaction outside the classroom is highly encouraged. Social events are available and open for students to attend to interact with native users of ASL.
Evaluation and Grading Criteria

Grades will be calculated by Total Points. Weighting or curves aren’t used. Grades are derived from assignments both in and out of class, projects, quizzes, tests, and final exams. Grades will be updated within a week of submission unless otherwise specified.

Policies and Expectations

ASL Zone

The ASL classroom is a “Signing Only” Zone. Observance of this is expected every day! Does this mean no noise? No! Laughter is always welcome.

Participation

Participation is key in this environment. Students will be signing daily either to themselves, with peers, or with me. Practice outside of class is essential to improving signing skills.

Be Prepared

Have your assignments ready to turn in or already turned in online, and your brain on when you walk into the room.

Absences/Late Work

**Homework/Assignments:** Assignment due dates are reasonable and given the day it is assigned. If students have an Excused Absence (parent or school approved), a ‘grace period’ will incur until the student’s return, allowing for assignment completion. You are responsible for seeing me about catching up on missed work and/or making an appointment to do so, preferably before the next class period. For Unexcused Absences, late work will not be accepted.

**Late Work:** Work submitted after the due date and time will result in a grade deduction. Students will fill out a form and staple it to their assignment before turning it in. Both online and hardcopy homework will be due at the beginning of class. Late work submitted in person will lose 10% per class day; while late work submitted online will lose 10% per calendar day.

Tests: Tests missed because of an Excused Absence should be made up within one week. Student must make an appointment with the teacher; the earlier you let me know, the better.

Classroom

**Respect** your peers, the teacher, the classroom, and the Deaf Community. Come in with an open mind and an open heart. **Mistakes will be made, that’s the point in learning!** This is a safe environment where all students will support each other.

Please throw out your gum at the door.

**Setup - Eye contact** is important and visual access is the only way to receive information in this room. The classroom setup will have chairs either in a full circle or a semi-circle. This is the best line of sight for everyone. Students will reconfigure desks and chairs as necessary at the beginning or end of class.

**Cheating** – Under no circumstances will cheating be condoned. Cheating will result in a zero and a referral.

**Devices** – Devices (all phones, iPads, iPods, laptops, Chromebooks, etc.) are only allowed when specified by the teacher, usually when a project is to be recorded or researched. **Phones are to be stored in students’ backpacks unless otherwise indicated.**

**Attire** – When signing, it is easiest to see your hands against a background that contrasts skin color. Please be mindful of this, especially on presentation days. Your first test: When you sign this syllabus, draw a triangle after your name. Parents, you too.

* Note: This syllabus is subject to change to meet the needs of the class. Addendum(s) will be issued for signature as necessary.

** The above may be modified as required by individualized learning plans, 504 plans, and other such mandated actions.
Please return signed no later than Thursday, August 9, 2018

For the Student

I acknowledge that I have read the American Sign Language II Syllabus and will abide by its policies and expectations. I understand this language is dependent on visual access and will minimize distractions by keeping my phone in my backpack. Looking away could cause missed instruction or information. I understand I am responsible for following these expectations to contribute to the most beneficial learning environment.

**OPPORTUNITY AND RISK: DECISION ANALYSIS FOR MAJOR DISCUSSION AND ACTION ITEMS**

**BOARD MEETING OF:** April 12, 2018  
**PREPARED BY:** Brandon Ager, Vista Ridge Art Department  
**TITLE OF AGENDA ITEM:** Name Change of Pre-AP to Honors Art  
**ACTION/INFORMATION/DISCUSSION:** Action

---

**BACKGROUND INFORMATION: DESCRIPTION OF EXPECTATION/NEED/OPPORTUNITY:**

We are seeking a name change of Pre-AP to Honors Art. Honors Art will continue to help students develop a portfolio that can be used during AP Studio Art. No curriculum changes will be made. The following is from College Board: “Beginning in fall of 2022, all courses labeled Pre-AP must be submitted and approved through the Pre-AP course audit process.” A fee may also be associated with the name used at the school.

**RATIONALE:**

We don’t want to be charged for using the name Pre-AP and want more autonomy of what we teach.

**RELEVANT DATA AND EXPECTED OUTCOMES:**

We expect students to continue creating strong art portfolios. We also should see more colleges have a better understanding of what Honors Art translates to than Pre-AP.

**INNOVATION AND INTELLIGENT RISK:**

This name change is a creative solution because it allows us to keep the same curriculum and allows a less ambiguous title reflected on the student’s transcript.

**IMPACTS ON THE DISTRICT’S MISSION PRIORITIES—THE RINGS AND ROCKS:**

Honors Art creates a firm foundation and launches each student toward success for AP Studio Art through development of the *Breadth* section (12 pieces demonstrating broad range of approaches) of their portfolio. This allows more time for students in AP Studio Art to create their *Concentration* (12 pieces focused around one main idea or theme) section.

Honors Art
Syllabus

Grade Level: 11-12
Length: Year
Prerequisite: Intermediate 2D, Graphic Design II, Digital Photography II, or Painting I
Class Fee: $20 per semester

Course Description: This course helps committed art students pursue more sophisticated art media and develop a portfolio to be used for AP Studio Art. Projects are more complex and demanding. Knowledge of basic art is presumed. This is an extension of Intermediate 2D in which students will continue to work with a variety of media to an advanced level.

Projects and Rationale: Projects are based on concepts pertaining to the Breadth section of the Advanced Placement portfolios. These concepts include, but not limited to: form, content, tonal values, line quality, perspective and other special systems, composition, drawing surface, depth, Principles of Design, means of representation and abstraction, materials, techniques, styles, etc.

Copyright: Students are not allowed to work from published photographs or other copyrighted work. It is required that students draw from imagination or observation as the reproduction of photographs can be considered a form of plagiarism. Many students will come into the program with the idea that there is nothing wrong with drawing from photographs, and many of them are quite accomplished at it. Nonetheless, it is a practice that we do not allow in advanced classes. Even if they take their own photographs, as the resultant image has a distinctly flat and stiff look about it. Copyright issues are discussed with the students early on—they are made aware of the legal issues involved with working from someone’s published work. As well, there are specific things that the student could only reference through a photograph (such as certain animals). Again, in these instances the students thoroughly understand that the image must become part of their larger individual expression.

Grading Policy:
- Portfolio Development based on finished and quality of work as per term quota.
- Graded on similar scale as the AP evaluation scoring guidelines.
- Participations in class and peer critiques.
- Weekly out of class assignments in preparation for future projects.
- Sketchbook drawings, used for “brainstorming” for projects.
- Various preparations for projects will necessitate out of class work such as photographing, sketching designing, experimenting, writing, and researching ideas, artists, mediums, historical perspectives and artistic styles. Grades will be given for out of class work as well as final projects.
- Assignments have due dates and it is important that are met, as critiques occur on the days projects are due. It is important that students have a discussion with the instructor prior to the due date if the deadline is not going to be met or they will miss a critique.
Course Overview
Projects are subject to change due to change in schedule or material availability. These projects are based on the needs of 2-D and Drawing Portfolios. 3-D Portfolio projects will be explained by teacher.

To request a waiver of state statute from the Colorado state board of education, the local board of education must adopt a resolution directing the district administration to submit the waiver.

**RATIONALE:**
From the proposed waiver request:
The District and surrounding communities are filled with quality individuals with unique skills and experiences, who would make great substitute teachers; so we seek to localize and streamline the screening and quality control process. The District believes it can fulfill the intent of the statute and regulations (as described in the plan) through an alternate process, rather than through licensure requirements. Developing a pool of highly capable substitute teachers who are available and willing to support district students will enhance educational opportunities and educational quality in District 49.

**RELEVANT DATA AND EXPECTED OUTCOMES:**
From the proposed waiver request:
The District projects that the evaluation ratings of the substitutes will increase over time and projects that the fill-rate will improve over time. The District also projects that students and teachers will express an increased level of satisfaction with substitutes and the substitute teaching system.

**INNOVATION AND INTELLIGENT RISK:**
From the proposed waiver request:
The District plans to directly measure the impact of the waiver in two ways: 1) The District will monitor the quality of its substitute teachers through ratings and evaluations; and 2) The District will monitor its “fill-rate,” or the rate at which teacher absences are filled by a substitute.

**IMPACTS ON THE DISTRICT'S MISSION PRIORITIES—THE RINGS AND ROCKS:**
The proposed waiver directly addresses one of the top concerns of teachers, administrators, and other staff as expressed through the VoW Annual survey, follow-up discussions of staff priorities, chief officer rounding, and ongoing reports of persistent vacancies in substitute teacher assignments.

**Budget Impact:** From the proposed waiver request:

There is no direct financial cost to the District, but the district will realize substantial savings by decreasing the investment in recruiting from a shrinking pool of licensed substitute teachers, and by reducing the amount paid in stipends to teachers who take on additional duties to cover classes when substitute teachers are not available.

**Amount Budgeted:** Funds are already budgeted to compensate substitute teachers. Because of a labor shortage, not all of those funds are currently being expended.

**Recommended Course Of Action/Motion Requested:** We recommend the board adopt the attached resolution in item 7.07.

**Date:** March 29, 2018
RESOLUTION
Request for Waiver from State Statute and Rules Regarding Employment of Substitute Teachers in District 49
April 12, 2018

WHEREAS, C.R.S. 22-60.5-111 Substitute Authorization: authorizes a school district to employ a person to teach on a substitute teacher basis. Under this statute a substitute teacher authorization is only valid for such periods of time as specified in, and may be renewed as authorized in, rules adopted by the state board of education; and

WHEREAS, 1 CCR 301-37(4.05) Substitute Authorization: defines the requirements, duration, and renewal requirements for a substitute teacher license; and

WHEREAS, the costs to the district of complying with the state’s substitute licensure system significantly limits educational opportunities for students and staff alike; and

WHEREAS, El Paso County School District 49 (the “District”) has hired additional administrative staff, increased its participation in hiring fairs, employed software-based substitute scheduling systems, and is currently purchasing a more sophisticated and powerful system for personnel and payroll tasks; and

WHEREAS, the market is not generating a sufficient supply of state-licensed candidates despite increasing pay and benefits for substitute teachers; and

WHEREAS, by removing the substitute licensure barrier to entry, the District believes it can attract many new highly capable substitute teachers, which will have a positive impact on students.

NOW, THEREFORE, we, the District 49 Board of Education, are seeking a waiver from the state requirement for substitute teachers to acquire a substitute license/authorization prior to being employed as a substitute teacher of a school district.

We further direct the administration to develop a pool of highly capable substitute teachers who are available and willing to support district students that will enhance educational opportunities and educational quality in District 49. The District will provide to the state board, the Colorado Department of Education, or another entity designated by the state board, evidence of the quality standards, performance, and evaluation of substitute teachers hired pursuant to this waiver.

The District plans to directly measure the impact of the waiver in two ways: 1) The District will monitor the quality of its substitute teachers through ratings and evaluations; and 2) The District will monitor its “fill-rate,” or the rate at which teacher absences are filled by a substitute.

The District projects that the evaluation ratings of the substitutes will increase over time and projects that the fill-rate will improve over time. The District also projects that students and teachers will express an increased level of satisfaction with substitutes and the substitute teaching system.
Approved and adopted this April 12, 2018.

STATUTE DESCRIPTION AND RATIONALE

C.R.S. 22-60.5-111 Substitute Authorization: This statute authorizes a school District to employ a person to teach on a substitute teacher basis. Under this statute a substitute teacher authorization is only valid for such periods of time as specified in, and may be renewed as authorized in, rules adopted by the state board of education.

1 CCR 301-37(4.05) Substitute Authorization: This regulation defines the requirements, duration, and renewal requirements for a substitute teacher license.

Rationale: El Paso County School District 49 (the “District”) is seeking a waiver from the state requirement for substitute teachers to acquire a substitute license/authorization prior to being employed as a substitute teacher of a school District. The District recognizes the important intent behind the statute and regulation, to ensure a certain level of screening and quality control for substitute teachers. However, the District also recognizes that licensure can be an artificial barrier to entry for otherwise qualified and quality prospective substitute teachers. Like many school Districts across the state, the District is experiencing a shortage of substitute teachers. This shortage makes it difficult for full-time teachers to take needed days off, while trusting their students will be receiving quality instruction in their absence, and ultimately this shortage decreases the quality of the educational experience of students. The costs to the district of complying with the state’s substitute licensure system significantly limit educational opportunities for students and staff alike. In many instances, students must be reallocated into overcrowded classrooms or they are assigned to a large-group study hall setting since no substitute instructors are available. Despite increasing pay and benefits for substitute teachers, the market is not generating a sufficient supply of state-licensed candidates. In response, District 49 has hired additional administrative staff, increased its participation in hiring fairs, employed software-based substitute scheduling systems, and is currently purchasing a more sophisticated and powerful system for personnel and payroll tasks, including scheduling and paying substitute teachers.

The District and surrounding communities are filled with quality individuals with unique skills and experiences, who would make great substitute teachers; so we seek to localize and streamline the screening and quality control process. The District believes it can fulfill the intent of the statute and regulations (as described in the plan) through an alternate process, rather than through licensure requirements. Developing a pool of highly capable substitute teachers who are
available and willing to support district students will enhance educational opportunities and educational quality in District 49.

**Plan:** In order to meet the intent of the waived statutes to ensure that substitute teachers are appropriately screened and that the quality of the substitute teacher is a consideration in the substitute’s ongoing relationship with the District, the District will do the following:

1. The District will complete a fingerprint and background screening for each prospective substitute teacher considered for employment in the District’s schools in accordance with C.R.S. 22-32-109.7 and 109.8; and
2. The District will require that each substitute teacher have received a Bachelor’s degree or equivalent learning; and
3. The District will provide training in emergency procedures, professional communications, classroom management, and instructional practices to equip substitute teachers to meet the expectations of students, parents, and district educators; and
4. The District will implement a system of review and evaluation for substitute teachers to ensure that substitute teachers who do not meet expectations will not receive substitute teaching jobs and will be removed from the substitute teaching pool; and
5. The District will provide to the state board, the Colorado Department of Education, or another entity designated by the state board, evidence of the quality standards, performance, and evaluation of substitute teachers hired pursuant to this waiver.

The District believes that by empowering the local school District to screen and determine the quality of its own substitutes, without requiring prospective substitutes to go through a process and pay fees to CDE, a new group of capable community members will be attracted to become substitute teachers.

**Duration of the Waiver:** The District requests that the waiver be granted and remain in effect until such time as the District’s board of education requests its revocation.

**Financial Impact:** There is no direct financial cost to the District, but the district will realize substantial savings by decreasing the investment in recruiting from a shrinking pool of licensed substitute teachers, and by reducing the amount paid in stipends to teachers who take on additional duties to cover classes when substitute teachers are not available.

**Instructional Impact:** By removing the substitute licensure barrier to entry, the District believes it can attract many new highly capable substitute teachers, which will have a positive impact on students.

**How the Impact of the Waiver will be Evaluated:** The District plans to directly measure the impact of the waiver in two ways: 1) The District will monitor the quality of its substitute teachers through ratings and evaluations; and 2) The District will monitor its “fill-rate,” or the rate at which teacher absences are filled by a substitute.

**Expected Outcomes:** The District projects that the evaluation ratings of the substitutes will increase over time and projects that the fill-rate will improve over time. The District also projects
that students and teachers will express an increased level of satisfaction with substitutes and the substitute teaching system.

BOARD OF EDUCATION ITEM 7.08
OPPORTUNITY AND RISK: DECISION ANALYSIS FOR MAJOR DISCUSSION AND ACTION ITEMS

BOARD MEETING OF: April 12, 2018
PREPARED BY: Amber Whetstine, Executive Director of Learning Services
TITLE OF AGENDA ITEM: Unified Improvement Planning / School Action Plans
ACTION/INFORMATION/DISCUSSION: Action

BACKGROUND INFORMATION: DESCRIPTION OF EXPECTATION/NEED/OPPORTUNITY:
The Unified Improvement Plan (UIP) is a required process for schools and districts to address the areas of academic achievement, academic growth and post-secondary readiness as indicated in the District and School Performance Frameworks. All districts and schools must create and submit UIPs to the Colorado Department of Education (CDE) by April 15th annually.

RATIONALE:
Boards of Education must approve district and school-level UIPs each year as part of the accreditation process. Our cultural and strategic priorities and initiatives guide the improvement work of the schools in each zone. UIPs include major improvement strategies and action steps aligned with identified areas of improvement. The UIP process also fulfills state-level compliance requirements related to the READ Act, Gifted and Talented programming and Title I, II and III funding allocation reporting.

RELEVANT DATA AND EXPECTED OUTCOMES:
Each year, Boards of Education are required to approve the district and each school’s UIP prior to CDE’s public posting.

INNOVATION AND INTELLIGENT RISK:
Approving the UIP for District 49 and each school, supports the Colorado school accreditation process. The District Accountability Advisory Committee provides input into the development and recommends approval of the district UIP to the Board, and each school’s School Accountability Advisory Committee reviews and recommends each school’s plan to the Board.

BACKGROUND OR RATIONALE
Banning Lewis Preparatory Academy is nearing completion of its first school year as a MS/HS campus. We seek to offer a full slate of curricular and co-curricular opportunities for our students as we add additional high school grade levels. The installation of an all-weather track around our existing athletic field will allow us to provide improved opportunities in PE and athletics (boys & girls cross country in the fall and boys & girls track/field in the spring).

RELEVANT DATA AND EXPECTED OUTCOMES:
In the initial construction project, the athletic field was graded to accommodate a track encircling the field. Recognizing the significant cost associated with installation of an all-weather track that is the responsibility of Banning Lewis Academy to cover, we have secured over $400,000 in financial support through the BLRA Foundation to support installation. With the support of District 49 Purchasing and Contract Manager, Jim Rohr, we have secured three bids for design of the project and have selected Northstar to complete the design work if the project is approved. We will strive to complete the track installation for the start of the 2018-19 school year.

IMPACTS ON THE DISTRICT’S MISSION PRIORITIES—THE RINGS AND ROCKS:
In addition to the impacts outlined in the chart below, a track will significantly increase the potential for Banning Lewis Preparatory Academy to earn membership in an athletics/activities league and the Colorado High School Activities Association (CHSAA). The availability of quality venues is a key component to membership application processes for both entities.

The addition of an all-weather track around our existing athletic field makes a strong statement regarding our commitment to providing high quality educational opportunities for the young people we serve. It honors the work of the PE teachers, coaches, students, and student-athletes involved the classes and teams using the facility.

Our community has trusted our board and administration to develop a full MS/HS program at our new campus. Physical education and athletics are integral components of an exceptional secondary education experience as students are provided the opportunity to develop lifelong fitness habits and learn the many life lessons available through athletics. The installation of a track around our existing athletic field will augment both of these components and increase the number of students who are able to access these opportunities on our campus.

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** We recommend approval of an all-weather track installation encircling the existing athletic field at the Banning Lewis Preparatory Academy campus.

Attn: Mr. Chuck Shaw, Director of Facilities <chshaw@blracademy.org>

Re: Surveying, Site/Civil Engineering, Construction Staking, and Construction Phase (including Resident Project Representative) Services for a new all weather 8-lane track bounded by new curb also including run-out lanage, high jump pit, long jump pit, shot put and discus platforms and rings, ADA site access via two sidewalks, and miscellaneous site/drainage improvements.

We are pleased to present this “Work Authorization Agreement” for performing Professional Engineering and Surveying services with regard to the above referenced project. Please find a list below of the services that are to be provided:

**TASK A: TOPOGRAPHIC/IMPROVEMENTS SURVEY OF THE PROPOSED PROJECT AREA** (Survey area to include proposed site of new track plus an additional width of 150’ beyond the proposed outside track curb), to include:

a. Location of existing above ground improvements.

b. Location of existing underground utilities (per on-site locates and utility and client records).

c. Survey to extend to existing paved areas, including parking lots, where pertinent to the Project.

d. Substantial visible improvements including roads, fences, culverts, sidewalks, playground equipment, etc.

e. Topographic Map with contours shown at 6” intervals.

**TOTAL TASK A:** ................................................................. $4,600.00

**TASK B: GEOTECHNICAL INVESTIGATION AND REPORT BY CTL THOMPSON, INC. TO DETERMINE SUBGRADE STRUCTURAL, TRACK PAVEMENT DESIGN, AND DRAINAGE DESIGN PARAMETERS FOR PROPOSED TRACK IMPROVEMENTS** (Task includes four 15’ deep test holes at Project site. CTL to coordinate private utility locates in addition to UNCC. Work to be coordinated with Task A survey activities).

**TOTAL TASK B:** ........................................................................................................ $3,300.00
TASK C: SITE/CIVIL ENGINEERING SERVICES FOR THE PROJECT SITES DESCRIBED ABOVE, to include:

1. Included in the scope of services for Task C are the following meetings. Each meeting is anticipated to include some or all of the Client’s Project Committee, School Staff and/or Coaching Staff.
   a. Preliminary meeting at the School to meet the School’s project team. Goal of the meeting will be to identify and discuss proposed project and budget, and obtain direction regarding the schools needs and wishes regarding the project. Meeting will include a “walk through” of the proposed project site.
   b. Follow up meeting at the School to discuss the Final Site/Project Design including identified concerns, to finalize potential alternatives, and to present detailed cost estimate for approval by the School project team.

2. Review of design criteria associated with the Colorado High School Activities Association (CHSAA) as related to the proposed facilities. Review and analysis of improvement alternatives, methods, and materials available for the proposed project.

3. Identification of appurtenant improvements required to support new track and field including items such as drainage improvements, overlot grading requirements, retaining walls, pedestrian/ADA routes, utility improvements (i.e. water system), fencing, etc.

4. Preparation of Final Design Drawings for the project associated with this Proposal. Includes geometric layout (horizontal and vertical) of the proposed track and field, complete with appurtenant improvements as listed above. The Drawings shall provide a level of detail required to allow for accurate compilation of final project costs as well as supporting the Client’s contractor selection process.

5. Preparation of detailed final cost estimates for the proposed project. Estimates shall be prepared in a tabular format with line items and quantities relating to specific work items and potential alternatives.
   a. Information provided in the Geotechnical Investigation (Task B) will be used to develop alternative cost estimates for items such as track surfacing (asphaltic pavement versus precast).

6. Preparation of Technical Specifications for the Project to support Client’s contractor selection process. Client to provide required Bidding Documents, Agreement Forms, Administration Forms, and Standard and Supplemental General Conditions of the Contract.

TOTAL TASK C: .......................................................... $19,600.00

TASK D: BID AND CONSTRUCTION ADMINISTRATION SERVICES INCLUDING RESPONSE TO BIDDER QUESTIONS, ATTENDANCE AT BID OPENING AND PRECONSTRUCTION CONFERENCE, REVIEW OF SHOP DRAWINGS, PAY APPLICATIONS, AND OTHER PROJECT SUBMITTALS. FEES ARE BASED ON A THREE MONTH CONSTRUCTION PERIOD FROM THE DATE OF NOTICE TO PROCEED TO THE DATE OF FINAL ACCEPTANCE

TOTAL TASK D: .......................................................... $4,000.00

TASK E: RESIDENT PROJECT REPRESENTATIVE SERVICES BASED ON 5 HOURS PER DAY, 1 DAY PER WEEK FOR A THREE MONTH CONSTRUCTION PERIOD. LEVEL
OF EFFORT TO BE BALANCED TO MEET ON-SITE CONSTRUCTION OPERATIONS WHICH MAY RESULT IN SOME DAYS WITH NO ON-SITE INVOLVEMENT AND OTHER DAYS WITH MULTIPLE REPRESENTATIVES ON-SITE. WORK OF THIS TASK TO BE BILLED ON A TIME AND MATERIAL BASIS IN ACCORDANCE WITH BILLING RATES IN ATTACHMENT A.

TOTAL TASK E: ........................................................................................................ $7,200.00
(ESTIMATED FEE)

TASK F: ONE TIME CONSTRUCTION STAKING SERVICES FOR THE PROPOSED IMPROVEMENTS, to include:
1. Establishment of on-site baseline and benchmark.
2. Construction Limits.
3. Overlot Grading (50’ x 50’ grid).
4. Track and Field Layout.
5. Blue Tops and Red Tops (50’ x 50’ grid) for Base Materials and Finish Track and Field Elevations.
6. Curb and Gutter (50’ stations where applicable).
7. Fencing, utilities, and appurtenances.
8. Office Calculations and Coordination.

TOTAL TASK F: ........................................................................................................ $12,400.00

Note: The following items are not included in the Scope of Services for this Project. A formal Proposal for any of these services can be provided at Client request:
1. Design of landscape and irrigation systems for either adjacent areas or for a future natural grass football field.
2. Design of Bleachers, Lighting Systems, Restroom/Concessions facilities, sidewalks/trails, and other appurtenant facilities not specifically identified in the above scope of services.

General Conditions
NorthStar Engineering and Surveying, Inc. (“NorthStar”) will perform the services listed above, subject to the conditions listed below. The fee listed above is NorthStar’s fee to provide the specified services subject to the conditions listed below. NorthStar’s fee shall be increased to compensate NorthStar for any legal fees incurred for review and negotiation of any alternative, additional, or revised contracts or contract terms proposed by the Client. Any additional services required to complete the project will be billed per our current Time and Materials rates. Any additional work required by NorthStar or by the Client to complete the project shall be acknowledged by the Client and made a portion of the Work Authorization Agreement (“Agreement”). This Agreement may not be amended, nor any obligations hereunder waived, except by written agreement signed by all parties to the Agreement.

NorthStar Services
NorthStar will perform its services in a manner consistent with the level of care and skill ordinarily exercised by other design professionals in the same geographic area as the underlying project.

NorthStar does not have control over, and is not responsible for, construction means, methods, techniques, sequences, or procedures.

Construction observation services are not a part of this Agreement unless specifically identified above. Construction staking or survey control staking is not construction observation, nor is it an inspection, ratification, or approval of prior work performed by others, including but not limited to, design and/or construction professionals.

Estimates of cost are NorthStar’s opinions of probable cost, based on NorthStar’s experience and familiarity with the construction industry. NorthStar cannot guarantee that bids or final construction costs will not vary from NorthStar’s estimate or opinion.

Payment
Any permit fees or title company fees are the responsibility of the client and are not included in this Agreement. Also, all direct reimbursable expenses incurred in performance of this project will be invoiced at cost plus ten percent.

NorthStar’s policy is to invoice the address listed above by the 1st day of every month. Payment is due on receipt of invoice and to be received no later than the 25th day of that month. Client shall advise if a different invoice date is required.

The Client agrees that the balance stated on the invoice from NorthStar to Client is correct, conclusive, and binding on the Client, unless the Client notifies NorthStar of objections or inaccuracies within 30 days of receipt of the invoice.

Payment not received by NorthStar by the 25th day of the month will cause all work to stop on the project, and an assessment of interest at the rate of two percent monthly.

Client agrees to pay NorthStar’s costs of collection, including reasonable attorney’s fees, for any amounts that remain unpaid 90 days after billing.

In the event the Client wishes to terminate the services of NorthStar, the Client shall pay NorthStar Time and Materials rates up to the date of termination.

Limitation of Liability/Damages
NorthStar’s total liability to Client, for any and all injuries, claims, losses, expenses, or damages arising out of this Agreement shall not exceed the amount of the fee paid by Client to NorthStar. NorthStar’s tender of payment in this amount shall constitute a fulfillment and complete satisfaction of any and all of NorthStar’s liabilities, obligations, representations or warranties related to or arising from this Agreement.

NorthStar and Client mutually agree to waive all claims of consequential damages arising from claims, disputes, or other matters related to this Agreement.

Statute of Limitations
The statute of limitations for any claims arising from NorthStar’s work shall begin to run as of the date that NorthStar submits an invoice for 100% of the fee listed above.
Indemnity
The Client shall defend, indemnify and hold harmless NorthStar and its personnel from and against any and all claims, damages, losses and expenses, including reasonable attorney’s fees, arising out of or resulting from the performance of NorthStar’s work, provided that any such claim, damage, loss, or expense is caused in whole or in part by the negligent act or omission of the Client, or anyone directly or indirectly retained or employed by the Client (except NorthStar). This indemnification includes, but is not limited to, claims or losses due to the presence of hazardous materials. This indemnification includes, but is not limited to, claims alleged to have arisen from the contractor’s performance or the alleged failure of the contractor’s work to conform to the design intent and the contract or project documents.

Instruments of Service
NorthStar provides services, the scope of which are set forth above, not a product. Sketches, designs, computations, survey notes, reports, specifications, and other original documents of any sort are instruments of that service; they are the written depiction of NorthStar’s intellectual process. NorthStar retains sole and exclusive ownership of these documents, unless the documents are required to be filed for public record by a governmental agency having proper jurisdiction.

Any use or reuse of original or altered physical documents or electronic files or CADD adaptation of NorthStar plans or documents for any use other than the specific purpose intended by NorthStar, without the prior written permission of NorthStar, is prohibited. The Client agrees to indemnify, defend, and hold harmless NorthStar from any and all claims, suits, or liability arising from the unauthorized use of NorthStar’s work by person or entities not party to this Agreement.

Additional Provisions
Client agrees that NorthStar shall be entitled to recover all costs incurred in enforcing any provision of this Agreement, including court costs and attorney’s fees.

This Agreement is not intended to be, and shall be construed to be, intended for the benefit of any person or entity that is not a signatory party to this Agreement. No person or entity, other than signatory parties, will have any right or cause of action under this Agreement.

This Agreement shall be governed by the laws of the State of Colorado. Venue for any litigation arising from this Agreement shall be in the Pueblo County District Court.

With the exception of actions by NorthStar to recover amounts due and owing, all other disputes or claims arising from this Agreement shall be submitted first to non-binding mediation, and then to binding arbitration if mediation is unsuccessful. Arbitration shall be conducted by a single arbitrator, mutually chosen by the parties. If the parties cannot agree on an arbitrator, a party seeking enforcement of this arbitration agreement may request, as part of a petition for enforcement, that a Pueblo County District Court judge appoint an arbitrator.

If any clause or provision of this Agreement is determined to be illegal, invalid, or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby and shall remain in full force and effect.

Please review this Work Authorization Agreement carefully, for it represents a binding contract when signed. If this Agreement is acceptable, please have a duly authorized representative...
sign on the space provided below and return the original to us as notice of authorization to proceed. We appreciate the opportunity to be of service to you.

**Opportunity and Risk: Decision Analysis for Major Discussion and Action Items**

**Board Meeting Of:** April 12, 2018  
**Prepared By:** Amber Whetstine, Executive Director of Learning Services  
**Title of Agenda Item:** Alternative Education Campus Applications  
**Action/Information/Discussion:** Action/Discussion

**Background Information: Description of Expectation/Need/Oppportunity:** Alternative Education Campuses (AECs) serve a unique population of students with high-risk indicators as defined by the Colorado Department of Education. Because of this, CDE allows districts, as part of the accreditation process, to apply annually for AEC designation. This designation allows for alternative measures of student achievement and accountability.

**Rationale:** Our strategic plan prioritizes growing a robust portfolio of distinct and exceptional schools, which provide customized educational programming to support the individual needs of every student. Continuing to provide alternative education in District 49 at Patriot High School and GOAL Academy aligns with this priority.

**Relevant Data and Expected Outcomes:** District 49 will continue to offer Alternative Education as a portfolio option to meet the unique needs of students with high-risk factors.

**Innovation and Intelligent Risk:** Designation as an Alternative Education Campus provides alternative options under the state’s accountability system for accreditation of schools. Alternative Education Campuses may submit optional alternative measures within the state’s designated indicators for AECs to measure the school’s annual performance.

District 49 supports growing a robust portfolio of schools by continuing to provide alternative education options for students with high-risk factors.

District 49 aims to launch students toward success in student achievement, growth, engagement and post-secondary workforce readiness.

RECOMMENDED COURSE OF ACTION/MOTION REQUESTED: Move to approve the AEC Applications for the 2018-2019 school year for Patriot High School and GOAL Academy as recommended by the administration.

APPROVED BY: Peter Hilts, Chief Education Officer

DATE: 3/29/18
A school that wishes to be designated for the first time as an Alternative Education Campus or to renew its designation as an Alternative Education Campus must submit the following application verifying that the school meets eligibility criteria no later than April 28, 2018.

Please complete the following application in electronic format, then save print this document. Have necessary parties sign the document. Finally, scan the document and upload the scanned PDF to Syncplicity. The uploaded PDF needs to be saved to the CDE Accountability DISTRICT_AEC folder where DISTRICT is your district’s four digit district code. Your renewal application will not be considered final until this document has been submitted for each relevant school in your district.

If you need help with the secure Syncplicity file transfer system please contact Corey Kisner at 303-866-6928. As a reminder, to comply with FERPA guidelines, student data cannot be emailed and must be submitted via the secure Syncplicity file transfer system.

2018-2019 APPLICATION/RENEWAL FOR ALTERNATIVE EDUCATION CAMPUS DESIGNATION

Based upon the school and student characteristics indicated below, we certify that

School Name:           <i>Coral Academy</i>
CDE School #:         3475
in District:          <i>Falcon 49</i>

meets the requirements specified in Section 22-7-604.5, CRS, and we request Colorado State Board of Education designation of this school as an Alternative Education Campus for the 2018-19 school year.

We certify that this school meets the following criteria:

_x_ Has a specialized mission to serve special needs or at-risk populations

_x_ Is an autonomous public school, meaning that the school provides a complete instructional program that allows students to proceed to the next grade level or to graduate

_x_ Is an autonomous public school, meaning that the school provides a complete instructional program that allows students to proceed to the next grade level or to graduate

_x_ Has a budget separate from any other public school

_x_ Has nontraditional methods of instruction delivery

_x_ Serves one of the following student populations (at the time of the 2017 October Count Administration):

________ All students have severe limitations that preclude appropriate administration of the assessments administered pursuant to section § 22-7-409, C.R.S.;

________ All students attend only on a part-time basis and come from other public schools where the part-time students are counted in the enrollment of the other public school; or

_x_ More than 90% of students have either an Individualized Education Programs (IEPs) pursuant to § 22-20-108, C.R.S. and/or meet the definition of a “high-risk” student as illustrated on the following page.
## Certification of Student Population

This page only needs to be completed if you checked the box indicating that 90% of your school's students have Individualized Education Programs (IEPs) or are deemed "high risk." The Student File tab in this document has been pre-populated for you and includes only those students present at the time of the 2017 Student October Count in certain high-risk categories. Please fill in additional high-risk categories for your student population in the Student File tab and they will be included on this page. No data can be entered on this page and must be entered in the Student File Tab. Although students may fall into more than one high-risk category, each student will only be counted ONCE in the bolded rows 9-10.

meets the requirements specified in Section 22-7-604.5, C.R.S., and we request Colorado State Board of Education designation of this school as an Alternative Education Campus for the 2018-19 school year.

We certify that this school meets the following criteria:

☐ Has a specialized mission to serve special needs or at-risk populations
☐ Is an autonomous public school, meaning that the school provides a complete instructional program that allows students to proceed to the next grade level or to graduate
☐ Has an administrator who is not under the supervision of an administrator at another school
☐ Has a budget separate from any other public school
☐ Has nontraditional methods of instruction delivery
☐ Has a public process to ensure accountability

☐ Serves one of the following student populations (at the time of the 2017 October Count Administration):

☐ All students have severe limitations that preclude appropriate administration of the assessments administered pursuant to section § 22-7-409, C.R.S.;
☐ All students attend only on a part-time basis and come from other public schools where the part-time students are counted in the enrollment of the other public school; or
☐ More than 90% of students have either an Individualized Education Programs (IEPs) pursuant to § 22-20-108, C.R.S. and/or meet the definition of a "high-risk" student as illustrated on the following page.

Background Information: Description of Expectation/Need/Opportunity:

Over the past year, the human resources department (HR) and the Athletic Directors have focused on increasing efficiency and evaluating needs within the Extra and Co-Curricular programs (formerly referred to as Schedule B). Through this process, a need was identified to increase the athletic coach positions from only two roles (Head Coach and Assistant Coach) to five roles (Head Coach, Assistant Coach, Advanced Support Coach, Regular Support Coach, and Assistant Support Coach).

The five position model allows:

- Greater flexibility with monetary resources
- Proper pay alignment for the actual duties performed
- Incentive for coaches to grow and advance within the program
- Reduced number of exceptions requested
- Pay falls within salary schedule; no manual over-rides in personnel system
- Reduced risk to the district

The following new or revised coach job descriptions are being presented:

- Head Coach – existing, revised
- Assistant Coach – existing, revised
- Advanced Support Coach – new, combined under one general title of Support Coach
- Regular Support Coach - new, combined under one general title of Support Coach
- Assistant Support Coach - new, combined under one general title of Support Coach

Rationale:

District 49 uses job descriptions to articulate work to be performed and to provide clarity to applicants for and employees in each position. As departments or programs within the organization change or evaluate their effectiveness, the structure for how the work is performed can change. It is good practice to review corresponding job descriptions to ensure they exist for each unique position and accurately portray the work being performed.

Relevant Data and Expected Outcomes:

The job descriptions presented include revisions to the essential duties and responsibilities for two currently existing coach positions in addition to three new titles combined under one general title of Support Coach with corresponding essential duties and responsibilities.

**Budget Impact:** This model allows greater flexibility with monetary resources. Athletic Directors and building administrators will have the ability to place coaching staff into five possible roles instead of two. This discretion and flexibility will allow budget dollars to be utilized more efficiently which creates the potential to have more staff per program at either a similar or even less overall budget impact.

**Amount Budgeted:** These positions will fall within the extra-curricular salary schedule.

**Recommended Course Of Action/Motion Requested:** Move to approve the newly created and revised job descriptions as recommended by the administration.

BACKGROUND OR RATIONALE
In the campaign related to the 2016-3B Mill Levy Override, District 49 promised to build two new elementary schools, one of which would be located in the Banning Lewis Ranch community on previously dedicated land on Vista del Pico Boulevard. The decision to place a school there was made with the intent for it to be able to absorb demand that is currently flowing primarily to Ridgeview Elementary School, just 3 miles away. That specific intent also led to the related intention that the school would become part of the portfolio in the POWER zone, in District 49’s zone structure.

However, the current attendance boundary map, in large part due to the capacity pressure at Ridgeview Elementary School, shows the Banning Lewis Ranch Community to the Falcon Elementary School attendance area. This would result in the ‘default assumption’ for assigning Vista del Pico be to the Falcon Zone. Until attendance boundaries are established and published for the 2019/20 school year, the Board of Education should formalize the intentions made in the campaign to allow the planning for programming and related facility-program decisions to be made by the zone of eventuality rather than by the current technical assignment.

RELEVANT DATA AND EXPECTED OUTCOMES:
Adopting the attached resolution will formalize the original intent of the Board of Education validated by the Community with their approval of the 2016-3B Mill Levy Override.

Assigning the new school planned on Vista del Pico Blvd to the POWER Zone
April 12, 2018

WHEREAS, in November of 2016, the voters of School District 49 passed a Mill Levy Override commonly known as 2016-3B; and

WHEREAS, one of the priorities communicated to voters during that campaign was the construction of a new elementary school in the Banning Lewis Ranch Community currently commonly referred to as ‘Vista del Pico’; and

WHEREAS, communications presented to the District 49 Board of Education by District 49 staff, and from the District 49 Board of Education and District 49 staff to the community, consistently indicated that Vista del Pico would eventually become part of the POWER zone attendance boundary; and

WHEREAS, the Vista del Pico school will not open until August 2019 and therefore not have formally established boundaries perfecting the assignment of the school to the POWER zone until a later date; and

WHEREAS, the current official school boundary map of District 49 indicates the Banning Lewis Ranch area is assigned to the Falcon Zone;

NOW, THEREFORE, we, the District 49 Board of Education, direct administration and all staff to formally direct the responsibility for the program design of Vista del Pico, and associated facility design issues, to the POWER zone leadership team.

We further direct the administration and all staff to begin a process that will formally establish a boundary plan for the 2019/20 school year that will reflect attendance boundaries consistent with this resolution.

Approved and adopted this 12th day of April 2018.

Dave Cruson, Board Secretary
District 49
The Business Office would like to propose the following Bank account changes:
A: Open new accounts with JP Morgan Chase for our main Operating, Payroll and Purchase card transactions
B: To close a bank account at Bank of New York that was used to repay Bond payments which is no longer needed
C: To close a bank account used to receive HR Fingerprinting fees at Farmers State Bank, which can easily go into our General Account at that same bank

JP Morgan Chase offers community branches and more security features than UMB. We have also determined that changing banks will save the District several hundred dollars per month. JP Morgan Chase has local branches in our community, while UMB no longer has that resource available to us in the District boundaries. Closing the BONY will also save yearly fees.

We have the obligation to our stakeholders to reduce expenses when feasible. By making these banking changes, we can provide reduce expenses, have more cyber security, fraud protection, along with increased features of Purchase cards for staff.

Increased Banking security and purchase card features will bring the District up to date and put less pressure on staff due to having a bank oversee and flag issues that may arise.

We will be reducing the fees on a monthly basis by changing our banking from UMB to JP Morgan Chase. The efficiency and features will increase on a monthly basis. The security will be increased and rest upon the bank rather than us her at the District.
BOE Regular Meeting April 12, 2018
Item 7.13 continued

| Rock #4 — Build firm foundations of knowledge, skills and experience so all learners can thrive |
| Rock #5 — Customize our educational systems to launch each student toward success |

**BUDGET IMPACT:** Saving will be seen with reduced fees for increased banking services.

**AMOUNT BUDGETED:** Funds are already currently budgeted (fees for services provided).

**RECOMMENDED COURSE OF ACTION/MOTION REQUESTED:** I move to approve the change from UMB banking in regards to Accounts Payable, Payroll and Purchase cards to JP Morgan; as well as closing two bank accounts that are no longer needed at Bank of New York and Farmers State Bank.

Updating policy to reflect current laws, regulations and best practices provides a solid foundation to lead the district.

**Recommended Course Of Action/Motion Requested:** Information only

**Approved By:** Peter Hilts, Chief Education Officer; Brett Ridgway, Chief Business Officer

**Date:** March 29, 2018
The following regulations exist to provide implementation guidance regarding the Close Relationships portion of Policy GBEA Staff Ethics/Conflict of Interest.

**Tier 1  Senior Leadership**

- Board of Directors
- Chief Officers
- Director of Human Resources

When a person who is closely related to an immediate family member of an individual in senior leadership is employed in the district, that employment constitutes a conflict of interest.

- For existing employees, this conflict of interest is managed by:
  1. Requiring disclosure by both individuals.
  2. Strict avoidance of any supervisory or financial benefit from the senior leader to the employee.
  3. Written acknowledgment by both individuals that any act of favoritism or any breach of confidentiality arising from the conflicted relationship will result in termination (of the employees) or censure of the elected official.

- For potential employees the conflict of interest is preempted because the immediate family member of any senior leader must disclose the conflict during the hiring process. The relationship disqualifies the candidate from employment in District 49.

**Tier 2  Program Leadership**

- Executive Directors
- Central Program Directors
- Zone Leaders
- School Administrators

When a person who is closely related to an immediate family member of an individual in program leadership is employed in the district, that employment constitutes a conflict of interest.

- For existing employees, this conflict of interest is managed by:
  1. Requiring disclosure by both individuals.
  2. Strict avoidance of any supervisory or financial benefit from the senior leader to the related employee.
  3. Reassignment of the subordinate relative to a zone, program, or school not led or influenced by the program leader during the contract year following the disclosure of the conflict.
  4. Written acknowledgment by both individuals that any act of favoritism or any breach of confidentiality arising from the conflicted relationship will result in termination (of the employees) or censure of the elected official.

- For potential employees, immediate family members of any senior leader must disclose the conflict during the hiring process. The conflicted relationship is manage by:
  1. Assignment of the subordinate relative to a zone, program, or school not led or influenced by the program leader during the contract year following the disclosure of the conflict.
  2. Written acknowledgment by both individuals that any act of favoritism or any breach of confidentiality arising from the conflicted relationship will result in termination (of the employees) or censure of the elected official.

In a professional staff/student relationship, staff members maintain boundaries with students that are consistent with their professional code of conduct and obligations. All district employees are expected to observe and maintain proper professional boundaries, in accordance with this regulation and accompanying policy.

**Prohibited conduct**
The following list provides examples of staff conduct that, in the absence of evidence of a legitimate educational purpose or other reason deemed valid by the district, may be regarded as evidence that a staff member has violated professional boundaries with a student:

- Any type of inappropriate physical contact with a student or any other conduct that might be considered harassment under Board policy
- Furnishing alcohol, drugs or tobacco to a student or being present when any student is consuming these substances
- Repeating sexual or inappropriate romantic rumors
- Accepting massages, or offering or giving massages other than in the course of injury care administered by the appropriate athletic trainer, coach or health care provider
- Initiating or extending contact with a student beyond the school day or outside of class times for the staff member’s personal purposes
- Sending or accompanying a student on personal errands
- Going to a student’s home when the student’s parent/guardian or an appropriate chaperone is not present
- Giving a student a ride in a vehicle without prior notification to and approval from both the student’s parent/guardian and the building principal, except in an emergency under appropriate circumstances
- Singling out a particular student or students for personal attention and friendship beyond the professional staff-student relationship
- For non-guidance/counseling staff, encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members are expected to refer the student to appropriate guidance/counseling staff. In either case, staff involvement should be limited to a direct connection to the student’s school performance.
- Addressing students, or permitting students to address staff members with personalized terms of endearment, pet names, or otherwise in an overly familiar manner
- Maintaining private contact with a student outside of school by phone, email, Instant Messenger or Internet chat rooms, social networking Web sites, or letters (beyond homework or other legitimate school business) without including the parent/guardian
- Giving gifts or money to a student
- Giving or exchanging inappropriate personal gifts, cards or letters with an individual student
- Socializing or spending time with students (including but not limited to activities such as going out for beverages, meals or movies, shopping, traveling, and recreational activities) outside of school-sponsored events, except as participants in organized community activities
- Unnecessarily invading a student’s privacy (e.g., initiating a hug with a student or “following” a student into the bathroom)
- Being alone with an individual student out of the view of others
• Inviting or allowing individual students to visit the staff member’s home
• Interacting with students over social media for non-educational purposes when that interaction:
  o Is hidden and/or secretive
  o Is loosely connected or has no connection to school
  o Is not disclosed or is actively concealed from the employee’s supervisor
  o Is not disclosed or is actively concealed from the student’s parent(s)
• Any other action or activity similar in nature to those listed above

Prohibited communications
Prohibited communications in any format (email, text messaging, written communications, in person, etc.) by a staff member with a student includes, but is not limited to the following:

• Any communications without a legitimate educational purpose
• Flirting, propositions or sexual remarks
• Sexual slurs, leering, sexual or derogatory comments
• Inappropriate comments about a student’s body
• Sexual jokes, notes, stories, drawings, gestures or pictures
• Displaying or transmitting sexual pictures, objects or depictions
• Disclosing personal, sexual, romantic, marital or employment issues or other private matters
• Other communications or activities similar in nature to those listed above

Reporting violations
Staff members are required to promptly notify the principal, zone leader, human resources or a chief officer if they become aware of a situation that may constitute a violation of this policy. Depending on the specific circumstances of the allegations or suspicions, staff members may have a mandatory duty under state law to report the violation(s) as child abuse, in accordance with applicable Board policy.

Students and their parents/guardians should notify the principal, zone leader or chief education officer if they believe a teacher or other staff member may be engaging in conduct that violates this regulation.

In determining whether a violation of professional boundaries has occurred, the district shall consider the totality of the circumstances, including the nature and extent of the conduct involved, the job description and duties of the employee, the employee’s intent or purpose in engaging in the conduct, and whether the conduct caused harm to the student or adversely affected the education of students.

Persons reporting in good faith regarding alleged violations or suspected violations of this regulation shall not be subjected to retaliation in any form.

Definitions

1. **At-will employment** means that in the absence of special consideration or an express stipulation as to the duration of employment, an indefinite hiring is terminable at will. And unless circumstances indicate otherwise, a contract that sets forth an annual salary rate but states no definite term of employment is considered to be indefinite employment, terminable at will.

2. **Cancellation of employment** means the termination of employment of an employee when there is a justifiable reduction in the number of positions in the District by reasons of fiscal constraints or program change.

3. **Fiscal constraints** means any significant decline in the Board of Education’s ability to fund the operations of the District resulting from a decline in enrollment or other action or events that cause an effective reduction in the District’s current general fund budget.

4. **Program change** means any elimination, curtailment, or reorganization of curriculum, program, or school operation, or a reorganization or consolidation of two or more individual schools. A program change need not be caused by fiscal constraints.

Board of Education’s preliminary determination and statement

If the Board decides that a state of Exigency emergency exists or is imminent or a program change has occurred or should seriously be considered and cancellation of employment of one or more employees may be required because of either circumstance, it shall prepare a statement that identifies with reasonable particularity the state of fiscal constraint or the program change. This statement shall be transmitted to the Chief Education Officer, Chief Business Officer, Chief Operation Officer and District employees.

Chief Education Officer’s action

Within twenty (20) days after receiving the statement from the Board, the Chief Education Officer, Chief Business Officer and Chief Operation Officer after consultation with the Zone Innovation Leaders shall submit to the Board recommendations for canceling the employment of particular employees. In making this recommendation, the Chief Education Officer, Chief Business Officer and Chief Operation Officer shall not be limited to considering only the employees in the areas or program designated by the Board in its initial statement.

In the event that a reduction in the number of positions is necessary, the Board shall provide thirty (30) days written notice to the affected ESP employees. During the lead time, employees will perform his/her duties as usual. Failure to do so will result in immediate dismissal.

The Chief Education Officer, Chief Business Officer, Chief Operation Officer and designee may consider the following factors in recommending an employee for cancellation of employment:

1. The needs of the district
2. The needs of the department
3. Length of service.
4. Job performance as demonstrated by evaluations
5. Education

Normal attrition shall be considered prior to any staff reductions.

Performance may be considered in determining staff reductions or which ESP positions shall be eliminated; seniority does not guarantee that an individual will retain his or her position.

Nothing in this policy shall be construed to imply in any manner the establishment of any property rights, rights to due process of law or expectancy or entitlement not explicitly established by statute or Board Policy. Neither shall anything in this policy be construed to establish any condition prerequisite relative to non-renewal of employment, transfer, assignment, dismissal or any other employment decision relating to Education Support Personnel.

Nothing in this policy or any verbal statements by representatives of the District shall constitute an expressed or implied contract of employment.

Title: Admission and Denial of Admission  
Designation: JF-R  
Office/Custodian: Education/Director of Culture & Services

(Procedures for Students in Out-of-Home Placements)

**Definition**
In accordance with state law, and for purposes of this regulation, a “student in out-of-home placement” means:

- A child or youth who is in foster care and receiving educational services through a state licensed day treatment facility;

- A child or youth who is in placement for twenty-four hour residential care in any facility or center operated or licensed by the department of human services;

- A child or youth who transfers school enrollment as a result of being returned to his or her home at the conclusion of an out-of-home placement.

“Student in out-of-home placement” does not include a child or youth who is in twenty-four hour residential care funded totally by private moneys or a child or youth who is in an out of home placement for purposes of adoption.

**Child welfare education liaison**
The Chief Education Officer shall designate at least one district staff member to serve as the child welfare education liaison. In lieu of designating a district employee, the district may contract with an individual or request that the district’s Board of Cooperative Services (BOCES) designate a BOCES employee to serve as the district’s child welfare education liaison. By August 15 of each year, the district shall report the name and contact information of the district’s child welfare education liaison to the Colorado Department of Education.

The child welfare education liaison shall be responsible for working with child placement agencies, county departments of human services, and the state department of human services to facilitate the prompt and appropriate placement, transfer, and enrollment of students in out-of-home placements. The specific duties of the child welfare education liaison shall include, but are not limited to:

- Working with social workers from county departments of human services, juvenile probation officers, and foster care parents to ensure the prompt school enrollment and prompt transfer of student’s education information and records when students are required to change school enrollment due to changes in placement.

- Ensuring that the education information and records of a student in out-of-home placement are delivered to the student’s new school within five school days after receiving a request for the transfer of the student’s education information and records from a county department of human services.

In addition to the liaison’s duties pertaining to students in out-of-home placements, the district’s child welfare education liaison is designated to receive notice of a student who is transitioning to public school from a state licensed day treatment facility, facility school or hospital providing inpatient acute care or psychiatric services and who has been determined by that facility, facility school, hospital, or a
court to be a risk to himself or herself or the community within the 12 months prior to the proposed transfer to a public school. Under certain circumstances, the child welfare education liaison may receive an invitation to participate in the development of a transition plan for such student.

**Transfer of Education Records**

If a student in out-of-home placement transfers to another school, the sending district shall transfer the student’s education information and records to the receiving school within five school days after receiving a transfer request from the county department of human services that has legal custody of the student.

The sending district may release the student’s education information and records to an employee of the county department of human services for the sole purpose of transferring the education information and records to the student’s new school. Such release shall be in accordance with applicable state and federal law, including the Family Educational Rights and Privacy Act.

If the request for a records transfer involves a student who is receiving special education services pursuant to an individualized education plan, the sending district shall notify its special education director of the records request.

The sending district shall not delay the transfer of education information and records of a student in out-of-home placement for any reason, including but not limited to the existence of any unpaid fines or fees.

**Enrollment**

Unless otherwise permitted by state law to deny enrollment, the district or new school shall enroll a student in out-of-home placement within five days after receiving the student’s education information and records, regardless of whether:

- The district or school has received the student’s certificate of immunization;
- The student can comply with any requirements pertaining to the use of school uniforms or other clothing restrictions; or
- The student can comply with any other pre-enrollment restrictions or requirements imposed by the District or new school.

The district or school may deny enrollment to a student in out-of-home placement for the following reasons, subject to the district’s responsibilities under the Exceptional Children’s Educational Act and other laws pertaining to the education of students with disabilities:

1. Physical or mental disability such that the child cannot reasonably benefit from the programs available.

2. Physical or mental disability or disease causing the attendance of the child suffering therefrom to be inimical to the welfare of other students.

The following shall constitute additional grounds for denial of enrollment of a student in out-of-home placement:

1. Graduating from the 12th grade of any school or receipt of any document evidencing completion of the equivalent of a secondary education.
2. Failure to meet age requirements.

3. Having been expelled from any school district from the preceding 12 months, if the expulsion was for having drugs or weapons at school or for being a danger to self or others.

4. Not being a resident of the district unless otherwise entitled to attend under C.R.S. 22, Articles 23 (migrant children), 32 (exclusion of non-residents) or 36 (schools of choice).

5. Behavior in another school district during the preceding 12 months that is detrimental to the welfare or safety of other pupils or of school personnel.

If the district or new school enrolls a student in out-of-home placement without receiving the student’s certificate of immunization, the district or school shall notify the student’s legal guardian that, unless the district or school receives the student’s certificate of immunization or a written authorization for administration of immunizations within fourteen (14) days after the student enrolls, the student in out-of-home placement shall be suspended until such time as the district or school receives the certificate of immunization or authorization.

Transfer of credits
When a student in out-of-home placement transfers from one school to another school, the sending school shall certify to the receiving school or district the coursework that the student fully or partially completed while enrolled. The receiving school or district shall accept the student’s certified coursework as if it had been completed at the receiving school.

The receiving school or district shall apply all of the student’s certified coursework toward completion of the student’s requirements for the grade level in which the student is enrolled at the receiving school or for graduation from the receiving school if the student is enrolled in 12th grade. The receiving school or district may award elective credit for any portion of the student’s certified coursework that is not aligned with the curriculum of the receiving school or district.

Excused absences
A student in out-of-home placement shall receive an excused absence if the student misses school due to a required court appearance or participation in court-ordered activities, including but not limited to family visitation or therapy. The student’s assigned social worker shall verify the student’s absence was for a court appearance or court-ordered activity.

Waiver of fees
The school or district in which a student in out-of-home placement is enrolled shall waive all fees that would otherwise be assessed against the student, including but not limited to any general fees, fees for books, fees for lab work, fees for participation in in-school or extracurricular activities, and fees for before-school or after-school programs.

The school or District shall not limit the opportunity of a student in out-of-home placement to participate in in-school and extracurricular activities and before-school and after-school programs due to waiver of participation fees.

Title: Admission of Non-immigrant Foreign Students
Designation: JFABB-R
Office/Custodian: Education/Director of Culture & Services

Academic requirements
No foreign exchange student will be admitted who has already graduated from the equivalent of the 12th grade in his/her home country or who will reach the age of 18 years and six months before the program’s start date.

The student must have average or above-average grades in school.

Except as required by applicable law, the district will not provide foreign exchange students with admission to English as a Second Language programs, concurrent enrollment programs, or other special programs.

General requirements
Foreign exchange students are responsible for complying with all district policies and regulations.

Foreign exchange students are expected to pay for meals, books, athletic and student activity fees, yearbook costs, transportation and all other fees and expenses normally borne by students in the district, unless the student is considered indigent and/or determined eligible for free or reduced price meals.

The eligibility requirements of the Colorado High School Activities Association shall be followed.

The sponsor, host family, and local program representative must maintain personal contact with the school, must be available and willing to meet with school personnel when problems or circumstances require, and must assume full and final responsibility for resolving problems including the early return of the student if personal, family, or school difficulties cannot be resolved.

If a student’s grades, attendance, conduct, or discipline are deemed unsatisfactory by the school, the student may be withdrawn.

The international student exchange organization must be approved by and in good standing with the Council on Standards for International Educational Travel (CSIET).

Admissions process
Approvals for admission must be obtained from the principal or administrative designee by June 1 for fall enrollment or by December 15 for spring enrollment, except under unusual circumstances.

All applications will be screened by the Chief Education Officer or designee before they are forwarded for review and approval of the principal or administrative designee of the designated coordinated school based on the host family’s address.

When an international exchange organization wants to enroll an international exchange student, its representative will present required documentation to the Chief Education Officer or designee. The designated school district official will determine if the student’s application meets standards established by the District. If the application is approved by the Chief Education Office or designee and the high school principal where the
student wishes to enroll, the high school principal or administrative designee will sign the exchange organization’s enrollment form. School District 49 has the right to reject applications.

The student must attend the school in the attendance area in which the host family or sponsor lives, unless an appropriate transfer is approved by the District. Should a large number of foreign exchange students be scheduled for a particular school, a transfer to another school may be recommended by the District in order to create a balance in foreign exchange student enrollment.

Upon the student’s arrival in the District, the adult sponsor (host family and/or local representative of the exchange program) and student must complete the online enrollment process through the District 49 Central Registry website and personally come to the Central Enrollment office to complete the enrollment process prior to going to the high school to create a schedule. The international student’s passport must be shown at the time of registration. Students must arrive in sufficient time for attendance on the first day of school.

In addition to the district’s admission requirements, foreign exchange students requesting admission must submit:

1. Birth certificate or other proof of age.
2. Recent official transcript with English translation reflecting courses taken and grades earned.
3. Records showing required immunizations.
4. A letter of application written in English that provides pertinent information about the student, including student’s name, age, birth date, home address and phone number, level of education, reasons for wanting to attend school in the District, and the projected duration of enrollment.
5. The names, addresses and phone numbers of the exchange student’s own parents/guardians, the host family, and the local exchange program representative.
6. A current notarized temporary custody agreement between the student’s parents and the host family and/or exchange program.

**Foreign students sponsored by an approved program (J-1 Visa)**

Only programs designated by the United States Department of State will be considered for placement of foreign students on J-1 visas.

The program must have a local representative residing in or near the District who will meet with the student, host family, and school personnel on a regular basis.

Orientation, both pre-departure and upon arrival in the United States, must be provided to help foreign students adjust to a new culture. Ongoing contact and support from the local representative of the exchange program must also be provided.

Orientation must be provided to the host family in advance of the foreign student’s arrival. The family should be acquainted with the needs and requirements of housing a visitor for a long period of time, advised of potential problems in hosting a foreign exchange student, and provided with suggestions for coping with these problems. Ongoing contact and support from the local representative of the exchange program must also be provided.

Foreign students on J-1 visas are not subject to tuition.
Foreign students sponsored by relatives or friends (F-1 visa) are not authorized to attend school in the district.

In accordance with federal law, District 49 will not enroll students entering the U.S. on a B-1/B-2 visitor visa.

Foreign students sponsored by relatives or friends (F-1 Visa)
Pursuant to federal law, only high school students are eligible for F-1 visas. A student may receive F-1 status for no more than 12 months in a public school system. The student must have reimbursed the District in advance for the full, unsubsidized cost of educating the student. This amount will be determined by the Chief Education Officer or designee.

Payment of tuition must be in a certified or cashier’s check in U.S. currency payable to the District. Should a student not be able to obtain a visa or not attend for some other reason, the tuition will be refunded in full. Should a student attend for less than a full school year, tuition will only be refunded if a true hardship situation is demonstrated.

Title | Homeless Students  
---|---
Designation | JFABD-R  
Office/Custodian | Education/Executive Director of Learning Services

**Homeless Student Liaison**

The local liaison(s) appointed by the CEO shall work to identify homeless children and youth and facilitate each homeless student’s access to and success in school. On or before the pupil enrollment count day, the liaison shall report the number of homeless students enrolled in the school district to the Colorado Department of Education.

The primary functions of the local liaison shall be to mediate disputes concerning school enrollment, assist in making transportation arrangements, assist in requesting the student's records, provide information and give referrals on services and opportunities, and assist any unaccompanied youth homeless child who is not in the custody of a parent or guardian with enrollment, credit accrual and college readiness decisions.

**Enrollment and school stability**

A homeless student is deemed to reside, and may enroll and attend school in:

- the district where the child is presently located, or
- the district in which the student attended school previous to becoming homeless.

Enrollment shall be immediate even if the homeless student lacks records routinely required prior to enrollment or has missed application of enrollment deadlines. The district school shall make arrangements to obtain any necessary records and to have the student receive any necessary immunizations. When feasible District 49 shall seek immunization through no- or low-cost health care providers.

If a homeless student becomes permanently housed outside District 49 during the school year, the student shall no longer be considered homeless and may only continue enrollment in District 49 for the remainder of the school year.

**Tuition**

As defined in state and federal law as a homeless child or youth children shall be admitted without payment of tuition.

**Enrollment Determination**

Scenario One:

If a District 49 student becomes homeless, but remains located in this school district, the student shall continue to attend school in his or her school.

If the student is no longer located in the attendance area of the school he or she previously attended, the liaison shall contact the student and the student's parent/guardian, if the student is in the custody of the parent/guardian, to determine which district school would best meet the student's educational and other services needs, taking into account the wishes of the student and the parent/guardian, the feasibility of keeping the student in his or her District 49, El Paso County, Colorado
previous school, and the student's transportation needs related to various enrollment options.

Scenario Two:

If a student becomes homeless and is presently located in District 49, but seeks to enroll in district he or she previously attended, the previous school district shall determine enrollment.

If District 49 has knowledge that a homeless student is presently located in District 49 but seeks to enroll in the school district he or she previously attended, District 49's homeless student liaison shall assist the student in accessing enrollment in the previous school district, work with the homeless student liaison in the previous school district to mediate disputes concerning enrollment, assist in making transportation arrangements, assist in requesting/sending the student's records, provide information and give referrals on services and opportunities, and assist any homeless student who is not in the custody of a parent or guardian with enrollment decisions.

Scenario Three:

If a student who previously attended school in District 49 becomes homeless and is presently located outside of this school district, but seeks to enroll in District 49, the CEO or designee shall make a reasonable determination as to whether the student should be enrolled in District 49 or the district where the student is presently located.

In making the reasonable determination, the CEO or designee shall consult with:

- the homeless student, or the homeless student's parent/guardian if the student is in the custody of a parent/guardian, and
- the homeless student liaison for District 49 and the liaison for the district where the student is presently located.

The CEO or designee shall consider all relevant factors in making the reasonable determination including but not limited to:

- the best interests of the homeless student
- to the extent feasible, keeping the homeless student in District 49
- the wishes of the student and the student's parent/guardian if the student is in the custody of a parent/guardian
- the student's transportation needs related to various enrollment options (the district where the student is located and the district where the student will attend school must either agree on a method to apportion cost and responsibility for the student's transportation or share the cost and responsibility equally)
- which school district can best meet the student's educational and other services needs

Notice of Determination and Appeal

The CEO or designee shall hand deliver to the student a written notice of District 49's determination and of the right to appeal, and provide a copy to the liaison. If the CEO or designee determines that the homeless student
shall attend a school other than the student's previous school or a school other than the one requested by the student's parent or guardian, the CEO or designee should also provide written explanation regarding that decision to the parent/guardian and provide a copy to the liaison.

**Dispute Resolution Enrollment Disputes**

If an enrollment dispute arises between the student's custodial parent/guardian (or the student not in custody of a parent/guardian) and District 49, the student shall be immediately enrolled in the school selected by the parent/guardian or student until the dispute is resolved.

The parent/guardian (or student, if applicable) may appeal an enrollment determination made by District 49 to the district's homeless student liaison within 10 business days after receiving the written determination and notice of right-to-appeal.

The liaison shall issue a written decision on the dispute within 5 business days of the receipt of the appeal and hand deliver a written decision and notice of right-to-appeal to the Board of Education to the parent/guardian (or student, if applicable).

Within 5 business days of delivery of the liaison's decision and right-to-appeal notice, the parent/guardian (or student, if applicable) may appeal the decision to the Board of Education.

The Board shall issue a written decision on the dispute within 10 business days of the receipt of the appeal and hand deliver the written decision and notice of right-to-appeal to the State Coordinator for the Education of Homeless Children and Youths to the parents/guardian (or student, if applicable). The decision of the State Coordinator shall be final.

**Transportation**

Subsequent to a determination that the student shall attend a school in District 49, a request for transportation may be made by the student-unaccompanied youth or by the student's custodial parent/guardian by contacting the Transportation Department.

If the student is located in District 49, and attending the attendance area school the district shall provide or arrange for the student's transportation to and from school in accordance with district transportation policies.

All transportation services shall be comparable to those provided for other students in District 49.

If the student is located outside of District 49 boundaries but a determination has been made that the student shall remain in the school of origin with in the district, both this district and the district where the student is located must either agree on a method to apportion cost and responsibility for the student's transportation or share the cost and responsibility equally.

- **Adopted:** July 9, 2015
- **Revised:** April 12, 2018
Student records are confidential and should be treated as such. Pertinent information from these records will be accessible only to authorized officials.

**Health records**
Health records shall be maintained by the nursing staff and kept in a separate and secure health file in the school health office. Health records of students with Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) shall be kept in a locked environment to maintain confidentiality.

Access to the health files shall be limited to only those school personnel who have a specific and legitimate education interest in the information for use in furthering a student’s academic achievement or maintaining a safe and orderly teaching environment. Access to the health files of students with HIV/AIDS shall be limited to those with written permission from the student and/or parent/guardian and to emergency medical personnel.

The nursing staff shall maintain a log showing who has been given access, when access occurred and to which specific records.

**Annual screening programs**
The sight and hearing of all students in kindergarten, first, second, third, fifth, seventh, and ninth grades or students in comparable age groups referred to testing shall be tested during the school year by the school nurse, teacher, principal or other qualified person authorized by the District, as required by law. These screenings shall not be required of any student whose parent/guardian objects on religious or personal grounds.

The parent/guardian shall be informed when a deficiency is found.

**Dental health**
The District shall participate in programs to encourage good dental health including instruction dental examination clinics when available and referral to agencies which can provide aid for those in need.

**Communicable diseases**
Students showing symptoms of a communicable disease, an infectious condition or illness, or disability of a serious nature shall be referred to the school nurse. The school nurse shall report the presence of a communicable disease, if action is necessary to protect the health of other students and staff.

District 49 is committed to transparency and open government. The following process applies to requests by members of the public, including parents, community members, media organizations and other third parties, for inspection of public records maintained by the district. A person who has the right to inspect a public record also has the right to request to be furnished a copy of the record under the Colorado Open Records Act (CORA) (§ 24-72-201 to 206, C.R.S).

This regulation helps to ensure that District 49 meets all constitutional and statutory duties under CORA to all stakeholders in a timely and orderly manner.

**Process for requesting record**

1. All requests for public record(s) maintained by the district shall be specific enough to allow the district to efficiently identify the requested record and respond to the request. To clarify and facilitate the processing of a request to inspect and/or obtain copies of records, the district requires that the request be made via mail, in person or submitted on the CORA page of D49.org.

2. After review and determination that a request is complete and valid, all requests for public records will be forwarded immediately to the director of communications for processing.

3. The district has no duty to create a public record that does not already exist.

4. District 49 will make every effort to make the record available within three working days as required by § 24-72-203(3)(b), C.R.S. The director of communications, with approval from the chief officers, can issue an extension, up to seven working days, if extenuating circumstances exist, as described in § 24-72-203(3)(b), C.R.S.

   A request is considered received by District 49 the day it is determined to be complete and valid. The three working-day response time begins the first working day following the date of that determination.

5. If the person seeking the record requests the record(s) be sent, the custodian of records shall notify the person once the record is available that it will only be transmitted when the custodian receives payment or makes arrangements for receiving payment for all costs associated with the record transmission and for all other fees lawfully allowed, unless the custodian waives all or any portion of such costs or fees.

   Upon receipt of payment of any applicable copy costs and/or other fees, or upon making payment arrangements with the person requesting the record (when applicable), the custodian of the records will either send a copy of the record by electronic mail, or make arrangements for the requestor to review the records at a district facility.

6. The public will not be allowed to directly use either its own or the data processing equipment of the school district when inspecting or copying public records. In every instance, the manual or electronic functions necessary to extract, collage, organize, retrieve, copy or otherwise manipulate the information and data
necessary to produce the record or allow for its inspection shall be performed by school district personnel, and appropriate fees will apply.

Fees

1. The fee for copying public records will be $.25 per page unless actual costs exceed that amount.

2. No transmission fee will be charged for transmission via electronic mail.

3. If the district, in order to fulfill a specific request, processes data to generate a record in a form not used by the district, it may charge a reasonable fee not to exceed the actual cost of preparing the data and generating the record. Fulfilling such a request will be at the option of the district. The requestor will have the option to withdraw the request to prevent the expense incurred in using district resources to create a new record.

4. If the district, in response to a substantial request, anticipates more than one hour of staff time will be required to research, retrieve, review or produce records, it may charge a fee of $30 per hour (after the first hour) for all staff time required to fulfill the request. Any costs to be charged to the requestor shall not to exceed the actual cost to research, retrieve, review and produce the records.

For requests where more than one hour of staff time will be consumed, District 49 will provide advanced notice and an estimate of the compliance costs to the requestor. Estimated costs must be paid in full before the production of records unless alternative arrangements have been made through the chief officer team or designee. The three working day response requirement will not include time needed to perfect the agreement on fees.

5. The chief officer team or designee may reduce or waive any fee for copies or services where:
   a. a person demonstrates that he or she in indigent;
   b. the record is being provided to another governmental agency, including a school.

This report will be a regular, confidential, information item so that the Board can be aware of what current issues, what that issue is about, and who is involved.

RELEVANT DATA AND EXPECTED OUTCOMES:
District 49. Business Office Staff, along with legal counsel will always work to protect the institution and ideals of public education, pursuing the best possible outcome on each legal situation. Sometimes, the best outcome does involve a settlement or other action that is recommended by either legal counsel or insurance representatives.

Data Descriptions

• What is a 90 Day Action Plan?
  The 90 Action Plan is developed based on feedback from our Employee Engagement Survey and Student Engagement Survey. Actions are created with staff during the roll-out process.

• What is the Studer Mid-Year Report to Stakeholders?
  The Mid-Year Report details how each building is progressing on their scorecard. The Mid-Year Report is shared with staff and community.

• What are the Zone Pillars?
  The pillars (Student Success, People, Service, Innovation/Growth) are how the Sand Creek Zone and its schools align goals, actions, and measures. Please see the pillar update document for a narrative account of school pillar progress.

StuderEducation
Green Goal: SAT – Meet or exceed the district average for 11th grade English SAT

Connection to Zone Plan: Student Success – Graduates of SC Zone are prepared for post-secondary success in college and career.

Why It’s A Win: Gradpoint and Khan Academy prep sessions administered in the classroom. Practice PSAT & SAT completed with student assessment results provided to students for targeted instruction and skill practice.

Green Goal: SAT – Meet or exceed the district average for 11th grade Math SAT

Connection to Zone Plan: Student Success – Graduates of SC Zone are prepared for post-secondary success in college and career.

Why It’s A Win: Gradpoint and Khan Academy prep sessions administered in the classroom. Practice PSAT & SAT completed with student assessment results provided to students for targeted instruction and skill practice.

Green Goal: Increase Graduation Rate from 85% to 87%

Connection to Zone Plan: Student Success – Graduates of SC Zone are prepared for post-secondary success in college and career.

Why It’s A Win: Counselors scheduling individual meetings with all senior students to ensure they are on track to graduate.

Green Goal: Increase parent satisfaction overall mean from 3.55 to 3.70

Connection to Zone Plan: Innovation & Growth – All stakeholders have an opportunity to have a voice in zone initiatives.

Why It’s A Win: Parent Satisfaction Survey sent to parents to complete in February 2018. Results pending.
Yellow Goal: Complete at least 2 rounds on all employees

Connection to Zone Plan: People – maximize employee engagement by providing opportunities for input

What’s the Status/Next Steps: The SCHS leadership team will complete all staff rounding by March 16 and present rounding summary to staff after spring break

Yellow Goal: All teachers will send at least 4 positive notes home during the 17-18 school year

Connection to Zone Plan: People – Focus on communicating the success of the zone-students

What’s the Status/Next Steps: Staff complete an upload of positive student communications home, in Randa, before the End of Year Reviews.

Yellow Goal: Increase the number of students who “choice in” to Sand Creek from 68 (17-18) to 75 (18-19)

Connection to Zone Plan: Innovation & Growth – Increase enrollment from outside the zone and district.

What’s the Status/Next Steps: Promote SCHS throughout D49 & the surrounding community (pathways, increased graduation rate, course offerings, athletics, activities, facilities, etc.)

Red Goal: Increase employee engagement overall mean from 3.92 to 4.02

Connection to Zone Plan: People – Maximize employee engagement by providing opportunities for input. Leaders share the “why” and focus on consistent two-way communication between leaders and employees.

What’s Our Plan to Change Outcome: Studer rollout input from staff members, review input as leadership team, develop action steps.
Green Goal: People - Increase the Employee Engagement overall mean from 4.03 to 4.08

Connection to Zone Plan: People – Maximize employee engagement, opportunities for input

Why It’s A Win: Mean score increased to 4.21. All areas saw an increase

Yellow Goal: CMAS – achieve a median growth percentile of 50 or above in ELA and Math. CMAS – meet or exceed state and/or district averages at proficient or above ELA and Math.

Connection to Zone Plan: Student Success-

What’s the Status/Next Steps: Although we are confident in many areas based on the results we see and the instruction observed in class. CMAS tests will not be given until April and results won’t be known until August

Red Goal: Rounding Summary shared with staff after rounding session

Connection to Zone Plan: People – providing opportunities for staff input

What’s our Plan to Change Outcome: The Rounding Summary isn’t an essential thing to do for our culture, staff already know what has been addressed. No patting self on back is necessary.
Studer Mid-Year Report to Stakeholders-EIES

Green Goal:
Acknowledge those mentioned during Rounds through an email, in person, or a note.

Connection to Zone Plan:
“People Pillar” – Focus on communicating the successes of the zone – students, employees, alumni.

Why It’s A Win:
Rounding was completed with staff between August and January and recognition was shared through email and notes to staff.

Green Goal:
DIBElS Reading – Increase the percentage of students scoring green from EOY 2016-2017 to EOY 2017-2018

Connection to Zone Plan:
“Student Success Pillar” – Every Student a reader by 3rd grade.

Why It’s A Win:
Compared to last year, BOY to MOY growth is up by 5%. We increased our number of students proficient or above by 10% from BOY to MOY this school year. We are on track to meeting our DIBElS Reading Goal, needing only 5% growth from MOY to EOY this year.

Yellow Goal:
Increase the mean for item; “I receive positive phone calls, notes, or e-mails about my child from the school” from 3.63 to 3.78

Connection to Zone Plan:
“Service Pillar” – Communicate with stakeholders the processes and systems of the zone.

What’s the Status/Next Steps:
Many classrooms utilize Class Dojo, pAWSitive office referrals and positive notes sent in planners.

Red Goal:
Increase employee engagement overall mean from 4.09 to 4.14

Connection to Zone Plan:
“People Pillar” – Maximize employee engagement by providing opportunities for input.

What’s our Plan to Change Outcome:
Develop an action plan based on feedback from EE Survey Results Rollout meeting to target one area for continued improvement. Share the Action Step with staff.
Studer Mid-Year Report to Stakeholders-RES

Why It’s A Win: With the support of Lauren Stuart, Remington has “spotlighted” a staff member every month on our website. We have received many positive feedback from our Remington Community!

________________________________________________________________________

Yellow Goal: Complete two “round” with each employee each year.
________________________________________________________________________

Connection to Zone Plan: People- Maximize employee engagement by providing opportunities for input
________________________________________________________________________

What’s the Status/Next Steps: - Continue to monitor reports on Rounding for my accountability to this goal. Include “rounding” during feedback conversations.
________________________________________________________________________

Red Goal: Increase parent satisfaction survey mean from 4.01 to 4.25.
________________________________________________________________________

Connection to Zone Plan: Focus on communicating the successes of the zone students, employees and alumni.
________________________________________________________________________
**Green Goal:** People - Increase the Employee Engagement overall mean from 3.45 to 3.65

**Connection to Zone Plan:** People – Maximize employee engagement, opportunities for input

**Why It’s A Win:** Mean score increased to 3.62. All areas saw an increase

**Yellow Goal:** Students who perform in the Well Below Benchmark category according to their composite score in reading Dibels will decrease from 14% to 4% from BOY 2017 to EOY 2018 on grade level benchmark assessments.

**Connection to Zone Plan:** Student Success- Every student a reader by 3rd grade

**What’s the Status/Next Steps:** Currently our Dibels composite score K-5 is 12%. Look at individual students performing well below benchmark to determine the effectiveness of current interventions and adjust accordingly.

**Red Goal:** Rounding Summary shared with staff after rounding session

**Connection to Zone Plan:** People – providing opportunities for staff input

**What’s our Plan to Change Outcome:** Present summary of rounding after Spring Break
## Student Success

In preparation for the upcoming PSAT and SAT assessments, students completed PSAT and SAT test prep sessions on a regular basis during the school year. Students completed PSAT and SAT practice tests and have received the results of their individual performance to address areas of concern prior to the April 10th and 11th testing dates.

## People

Teachers completed the Employee Engagement Survey in December. The leadership team has collected information from Roll Out Sessions with staff and are addressing key areas with actions plans to improve the survey score.

All faculty and staff have completed two rounding sessions, one each semester, with the themes from the rounding summary communicated with staff. Additional actions have been taken to address the issues surfaced from rounding.

## Service

All teachers have sent positive notes or emails home to parents regarding their students’ behavior, achievement, and/or character. Teachers also are submitting Positive Referrals on students for the Deans to present to students in the Front Office. Deans follow up the Positive Referral with a phone call home to parents.

## Innovation/Growth

To assist in increasing our Choice Application students into SCHS, Laurent Stuart and Teacher Leaders are working with District Communication Team to create a multi-media marketing package to deploy across diverse platforms and populations.
### Zone Pillars-HMS

<table>
<thead>
<tr>
<th>Student Success</th>
</tr>
</thead>
<tbody>
<tr>
<td>Much of this pillar centers around performance and growth on CMAS, so still to be determined. However, recent ACT aspire interim results show an increase of 29% in English from BOY. Unfortunately, both reading and science had slight decreases. Our Renaissance numbers are continuing to increase, our recently completed 3rd quarter showed 432 students making Renaissance – this is our second highest quarter ever, only to 1st quarter this year when 434 students made it. Renaissance continues to make a positive and motivating impact at Horizon.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>People</th>
</tr>
</thead>
<tbody>
<tr>
<td>Our employee engagement survey mean increased from 4.03 to 4.21. This appears to be a fairly significant increase and reinforces how our employees feel about working at Horizon and how they are treated. We have conducted over 145 rounds at Horizon so far this year. In addition, we are sending postcards home to staff throughout the year to acknowledge their work and efforts to make Horizon a great place.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Service</th>
</tr>
</thead>
<tbody>
<tr>
<td>We are anxiously awaiting the results of our parent survey as much of our goals and focus in this area is related to survey improving scores. We have continued to have staff send postcards home, acknowledging students for their work and growth, the goal is for each staff member to send home two postcards per week.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Innovation/Growth</th>
</tr>
</thead>
<tbody>
<tr>
<td>We continue to receive choice applications to Horizon, which are all evaluated to ensure the student will fit into the culture at Horizon. We have gathered feedback from two different groups of people throughout the zone. The first met during the first semester and focused on student transitions, those coming into Kindergarten, moving from 5th to 6th, and moving from 7th to 8th. This in-person group gave valuable feedback for each school to be able to utilize and target in efforts to make the transition easier for students and families. I will be meeting with all 5th grade classes in the zone after spring break and our 5th grade transition night will be April 19th. The second targeted group was done through a survey, targeting our choice families. The goal was to determine reasons families choice into our zone/schools.</td>
</tr>
</tbody>
</table>
**Student Success**

The “Leadership Model” strategic action was implemented this year. Administrators, the instructional coach, and literacy interventionist are serving as primary evaluators for grade level teams or departments. This model has allowed a deeper level of support to each grade level team, and utilizes the expertise of our coach and interventionist working with instructional staff on primary literacy. We are on-track with our goal for the observation and feedback cycle. Most teachers have 5 observations completed so far in early April, and all teachers will have 6 observations completed by the end of April. School wide, we are on track to reaching our DIBELS Reading goal to increase the percentage of students scoring green from EOY 2016-2017 to EOY 2017-2018. Compared to last year, BOY to MOY growth is up by 5%. We increased our number of students proficient or above by 10% from BOY to MOY this school year.

**People**

The results of the Employee Engagement Survey were rolled out to staff in early January. Administrators have been rounding with staff. We are on track with our goal of acknowledging those mentioned during rounds though an email, in person, or in a note.

**Service**

To increase the amount of home – school communication, staff were encouraged to utilize Class DoJo as a tool to send notes home. Most of our staff is using the DoJo app, and we’ve heard positive feedback from parents that they like the resource. We are in the process of purchasing and initiating a school wide app to increase school to home communications. This year, we have slightly increased membership in our SAC committee and Parent Engagement Club (PEC).

**Innovation/Growth**

Our goal is to increase the number of students “choicing in” to Evans, and this year we have been working to determine a baseline number. Quite a few choice applications have already been received for next school year, and we are in the process of reviewing the applications and accepting them for enrollment.
### Student Success

Remington is approaching our reading goal of increasing the percentage of students meeting or above benchmark in reading as measured by Dibels from 67% to 90% by the end of the school year. At mid-year, RES was at 81%. Our Math Dibels goal was to increase percentage of meeting or above benchmark from 40% to 50%. At midyear, RES students were at 48%. Schools suspensions were at 38. Our goal was to decrease this number to 30. Through Restorative Practices and PBIS implementation, we are at 24, as of April 2, 2018. We continue to work towards our academic goals through professional development, Visible Learning, small group interventions and afterschool tutoring.

### People

To increase employee engagement, from an overall mean of 4.23 to 4.50 (Studer), we have implemented a “Spotlight on RES staff member. Each month, we recognize a staff member with a picture and a write up. This acknowledgement is posted on our website. Through Rounding, we recognize each other and our colleagues with kudos for their above and beyond work with our students and staff.

### Service

To increase our parent satisfaction from 4.01 to 4.25, we have made an effort to recognize our students with positive calls home. Through PBIS, we showcase the positive actions of our students with a picture on a bulletin board, lunch with an administrator and recognition through announcements. We continue to make an effort to increase SAC/PTSA membership by personal invitations to join us by administrators, teachers and other parents. To showcase the work of our students and to inform parents of the academic curriculum and instruction at RES, we host an Art Night, STEM Night, Literacy Night and a Math Night. Also, PTSA host several events throughout the year.

### Innovation/Growth

Our growth goal was to increase the number of Choice students from 103 to 113. We met this goal at midyear by one student. We have 114 choice students. We will continue to meet with interested parents as they walk in. We interview parents as to why they choose RES so that we are able to continue with best practices of highlighting our school.
### Student Success

At Springs Ranch our focus has been on ensuring that ALL students grow. This fits with our work in with Visible Learning. In particular, we have focused our observation and feedback cycle on Teacher Clarity, Learner Identity, and student feedback. We created an observation form that highlights “look fors” in these areas such as creating quality learning targets and success criteria, providing differentiated instruction, providing multiple opportunities to check student understanding, and providing students with quality feedback. Throughout the year we have provided teachers with professional development opportunities to hone their skills in these areas. In addition, we have a schedule that provides for literacy intervention block in grades K-5 and math intervention in grades 2-5. Teachers progress monitor students and data is shared in grade level PLC’s as well as monthly Admin PLC’s. In Kindergarten, First grade, and Special Education students have had access to Matific as a support to math instruction. This program aligns well to the Eureka math curriculum. Students also have access to other online resources such as Mobymax, Learning A-Z, Myon, Ten Marks, Pebblego, and Google Classroom. Students have also had access to Project Lead the Way activities. We have many tools to address the varied needs of our students.

### People

This past fall our employees at Springs Ranch had opportunity to complete an Employee Engagement Survey. When comparing results from this year’s survey to last year’s, we saw significant increases in survey results. All categories improved and our mean score increased from 3.45 to 3.62 on a 1-5 scale. We have been conducting Rounding with all staff members and will have at least two rounds on every employee. We will prepare a summary of rounds to present to the staff at a faculty meeting this Spring. We have increased our communication with school staff by providing a Friday Forecast that provides a two week glance at events coming up, a Monday Morning Memo that provides details about the coming week, and a Daily news that provides highlights for the day.

### Service

Parents recently had an opportunity to take a Parent Satisfaction Survey which we are awaiting those results. Once those results are in we will compare with last year’s survey an communicate results to our school community. This summer we conducted Kindergarten home visits to welcome our newest members of Springs Ranch and hosted a Kindergarten play date just prior to the start of school. We have conducted several other community events such as reading night, Dad’s and Donuts/ Mom’s and Muffins, Pizza Bingo, One School-One Book, Kona Ice Days, and Coffee with the Principal. In addition we have Watch Dog Dads in place, host monthly PTO meetings, quarterly SAC meetings, and send home a monthly newsletter.

### Innovation/Growth

We want for families to view Springs Ranch as a great choice to send their children so we have looked to share who we are and what we are about with the community. We have conducted monthly tours of our school and recently hosted an open house for prospective families (ten families came). This fall the principal presented at the Home Owners Association and began an ongoing relationship with the larger community. We have provided a robust offering of after school/before school opportunities. We have offered Basketball, Land Sharks, Chorus, Chess, Art Club, Science Club, Cooking Club, Bobcat Sisterhood(running), and tutoring. Springs Ranch has a lot to offer and we’re making efforts to let the community know about it.

Administration Update – Dr. Lou Fletcher

Board Update – Mr. Joshua Fry - Board meeting tomorrow. Mr. Fry just started with the board in January and looks forward to working with everyone.

Presentations: Kathleen Granaas - Standard testing

- Opting out - The state still says that parents can opt out. As a district, we still want at least 95% of students either testing or opting out. ESSA still says that they want at least 95% of students to test. As long as the schools get the paperwork, opting out does not directly impact the schools or school funding.
- Does testing affect teacher salary? In district 49, State assessments do not affect teacher salary.
- There is a team that meets to look at state assessment data and school performance. Zone leaders and principals also look at this. This could allow them to compare different curriculums and programs, but there are still a lot of other variables that affect the scores.

Subcommittee updates:
- Budget/MLO (meets 4:00 before DAAC) - We want the MLO to be innovative; things that we can look at over a 3-year period of time and that are sustainable through 3A money. Talked about budget projections for next year and the impact of increases in minimum wage on the district.
- Bylaws (4:15 after agenda setting meeting) - There are some areas that are not very clear, in particular some of the definitions. If we are going to have something as a policy, then it should probably be part of the by-laws.
- Charter – Have not met since last month
- Parent Engagement (meet at 5:15 pm prior to DAAC) - Discussed what the role of the subcommittee is, need some clarification. How can we get data from parents? Should we do a survey? What works best for parents in order to get them engaged? What do we want to talk about?
- Restorative Practices (meets monthly/2nd Wednesday) - 12 certified instructors. March 19th and 20th, there is a restorative practices summit at Sand Creek High School. November 8th & 9th at Great Wolf Lodge.
- Unified Improvement Plan - Looking to address our underperformance in Math and college readiness exams. Making sure instruction aligns with standards. Lack of resources and training. Ongoing PD. Using data to drive decisions. Intentional focus on K-3 Early literacy and Math. Improve teacher/principal quality and PD. Amber Whetstine will be here next month to present the district UIP plan.

Unfinished Business

- Confirm SAC meeting dates have been turned in to Dave Rex
- Review budget priorities – Deadline was Jan 23- John Newbill shared available school budget priorities. 
  - There was a trend with copier costs being listed as a need
  - Kim Boyd shared information on Suicide frontline training
  - ANYONE can text TALK to 38255 to access a master’s level counselor at any time
  - Zearn is a free math program students can access with teacher’s assigning lessons

New Business

NOTE: DAAC meeting dates for this year: Mar. 13, Apr. 24, May 15; with proposed agenda setting meetings: Apr. 10 and May

Next meeting: March 13 at the Education Service Center in the board room.
The regular meeting of the Board of Directors (“BOD”) of the Falcon Community Builders for Classrooms (“FCBC”) was held at Classic Companies on Tuesday, December 12, 2017, at 3:30 p.m. Directors in attendance were Steve Neary, Brian Bahr, Melissa Andrews and Brett Ridgway. Doug Stimple and Kevin Butcher were excused. Commissioner Waller was absent. Kevin Walker, Lori Von Feldt (Walker Schooler) and Sarah Jack were also in attendance. D49 Guest Bob Gemignani was also in attendance.

Steve Neary called the meeting to order at 3:35 PM.

Brian Bahr made a Motion to approve the Minutes of the September 12, 2017 FCBC BOD Meeting seconded by Brett Ridgway and approved unanimously.

Bob Gemignani of D49 Pathways presented the Pathways program. This program is directed at educating students in the skilled trades including nursing. The program is seeking business partnerships.

Lori Von Feldt presented the 2018 Budget. The budget is based on 350 permitted units in 2018. The budget includes the $500k dedicated to the HBA Workforce Program. The District will define their 2018-2019 Capital needs in March and June. Brian Bahr moved to approve the 2018 Budget as presented seconded by Steve Neary and approved unanimously.

Collections noted by Lori include Aspen View, Creekstone, Covington Homes. Kevin Walker was tasked to follow up with Creekstone and Covington. Lori will invoice Aspen View from July 1st forward.

Discussion continued from the September meeting on the FCBC investment policy including the potential for investing with Colorado Trust. Brett Ridgway, D49 noted that because FCBC is not a Public Entity it is not eligible. In further discussion about potential banks it was noted that Eastern Colorado Bank has a 1.3% rate and is secured by FDIC. It was agreed that the FCBC funds be transferred to Eastern Colorado Bank. Brian Bahr made a motion to move $1.5 million to a money market account at Eastern Colorado Bank seconded by Steve Neary and approved unanimously. New signature cards will be required.

An ongoing discussion about the Buyback Policy noted the recent Classic transaction which the D49 Board of Education (BOE) will hear and approve at their meeting on December 14, 2017.
Brett Ridgway gave a general update on behalf of the District noting that the BOE will be appointing a replacement for outgoing Member, Tammy Harold at their January 4, 2018 meeting. The District has hired a new COO and Brett noted some of the projects underway due to the success of the November election including Sand Creek HS Athletic improvements, Falcon HS Addition, and the Vista Ridge HS addition.

They’re being no other business the meeting was adjourned by Steve Neary at 4:38 PM.

Administration Update – Dr. Lou Fletcher
-Introduction of Pedro Almeida-COO. Thank you so much for your time and for serving on the DAAC. Retired army aviation officer and foreign area officer. Originally from the East coast. Settled here because my wife went to school here. He has taught at the collegiate level and volunteered in his kid’s school. My role is to make sure that we have everything we need to teach kids. See attached slides.

New school will be located in Banning Lewis Ranch, but is slated to be zoned as a Power Zone school.

Board Update – Mr. Joshua Fry: We appreciate your feedback and you will see a little more in regards to the name change. The town hall last night was great. Peter represented the district well and the collaboration between the districts was great.

Presentations: -Amber Whetstine-UIP- See attached presentation. The presentation was also e-mailed out back in January. The DAAC needs to make a recommendation to the board for the UIP.
- John Newbill made a motion to recommend the UIP to the board
- Sharon Smith seconded

-Dave Watson, Director of Safety and Security/Dave Pratt, retired from CSPD 2 years ago after 24 yrs
- Are we tracking former students who might pose a threat? We track all of our students who are on our radar. For example, they have been expelled, have gone through the risk assessment or threat assessment. We do have minimal tracking of graduated students who have ended up in law enforcement facilities. However, this information is usually tracked via the school through information coming in from the DA’s office.
- All of our processes have been vetted through the state of Colorado.
- The Claire Davis Act is now in place and includes tracking and documentation.
- We now have a central center to track and cross reference threat assessments, suicide assessments, child abuse reports, and trauma informed care.
- They are tracking whether or not there are a higher occurrence of suicide and threat assessments at certain grade levels.
- There is also a safety flag that pops up in Infinite Campus/Power School and admin can request that assessment.
- We are trying to meet the needs of students who have been identified
- Is entrapment a concern? Do we need to look at safety ladders for 2nd story classrooms? The fire officials are confident that students are safe with the sprinkler systems and fire lock doors.
- Arming staff and teachers? We might consider something like that…but is it really feasible and realistic? It would take a lot of training and recurring training. Police officers are trained to identify the threat and neutralize the threat. If a teacher is armed, they may be mistaken by law enforcement as the threat. In Colorado, you can only be armed in a school if you are a law enforcement officer or employed by the district as a security officer. It’s an additional $4,000 for insurance each time you arm a person.
- Some schools are teaching students to run from the building; run, hide, fight. We are discussing this option for the secondary students since they may be able make rational
**District Accountability Advisory Committee (DAAC) Draft Minutes**

decisions. However, we have trained our students to stay in school and they forget that they can run. Schools also echo sound and it can be difficult to determine where the danger may be coming from.

-Can districts communicate information when students are moving between districts? We are initiating those talks with other districts.
- If there is a lockout and there are students on the playground, how many entrances are available and for how long? Schools should set up a tiered process of getting in the doors and should practice getting in in a timely manner. Either Dave will come out and help problem solve. A good way to practice is with lightning threats. Horizon blows a playground whistle 3 times and students know how to respond
  - In visible rooms, flip up tables for protection.
- We are the only district in the state with secure entries at all the schools.
- Please e-mail D49Daac@d49.org with additional questions

**Subcommittee updates:**
- Budget/MLO (meets 4:00 before DAAC): No meeting today
- Bylaws (4:15 after agenda setting meeting): Next by-laws meeting on 4/10/18 in ESC conference room
- Charter: no meeting
- Parent Engagement (meet at 5:15 pm prior to DAAC): Looking at putting out a survey. Educate parents on purpose of SAC/DAAC and then move towards parent engagement activities.
- Restorative Practices (meets monthly/2nd Wednesday)-We received the letter of release from the DOJ last week so we no longer have to send a report every year. We should look at the charter schools and how their practices are aligning with the district.
- Unified Improvement Plan- See Amber’s presentation above

BACKGROUND OR RATIONALE
The District 49-Department of Justice (D49-DOJ) monitoring agreement of 2014 was a joint effort to ensure that incidents of harassment and discrimination are addressed in a timely manner with the goal of creating a better school district culture. The aforementioned collaboration included monthly designated administrator monitoring reports, district-wide multicultural education for instructional staff and administrators, district-wide literacy-based anti-bias interventions for every student, and an initial semi-annual report with 3 follow on annual DOJ updates.

RELEVANT DATA AND EXPECTED OUTCOMES:
This is a status update, which is intended to apprise the BOE, Chief Officers, and D49 community on the progress of milestones associated with the 2014 D49-DOJ monitoring agreement.

IMPACTS ON THE DISTRICT’S MISSION PRIORITIES—THE RINGS AND ROCKS:
District 49 worked in earnest with the Department of Justice for 3 years to examine the district’s culture, and apply appropriate interventions, with the goal of increasing cultural capacity. This collaborative developmental effort impacted every aspect of the district’s cultural and strategic initiatives.

<td>Rock #1—Establish enduring trust throughout our community</td>
<td>A culture that proactively works to mitigate the impact of harassment and discrimination establishes a firm foundation of trust, which enables D49 to effectively engage with its entire community. The collaboration with the DOJ has empowered D49 to refine the district’s culture, which can be observed in its portfolio of distinct and exceptional schools. The outcome of the aforementioned collaboration is the intentional alignment of D49’s capacity to launch each student toward success.</td>

RECOMMENDED COURSE OF ACTION/MOTION REQUESTED: The district was formally released from the 2014 monitoring agreement March 7, 2018; therefore, district leaders should now focus on formulating a course of action, which integrates continuous improvement strategies into the cultural gains achieved under the 2014 D49-DOJ monitoring agreement.

- Individual budgets for each project can be found on following pages.
- Committed Cost is only amounts under contract or PO. Project to Complete are costs estimated for project.

## Next Steps

- Finalize Furniture on the following projects: Falcon High School & Sand Creek High School. Complete the orders for this furniture to ensure a summer delivery.
- Finalize list of all Owner supplied equipment on Bennett Ranch, Falcon High, and Vista Ridge. Also incorporate that into the master schedule with order times.
- Review Security (glazing, necessary window films, roller shades) all Bennett Ranch, Falcon High, and Vista Del Pico with District Security Staff.
- Vista Del Pico to being building permit reviews.
- Work with Brian Smith & Sue Holmes to review curriculum and cost at Bennett Ranch.
- Finalize Sand Creek Phase 3 Schedule with Nunn construction. Work to begin once students are released for summer break.

BOARD OF EDUCATION ITEM 9.03
BACKGROUND AND DOCUMENTATION FOR CONSENT OR ROUTINE AGENDA ITEMS

BOARD MEETING OF: April 12, 2018
PREPARED BY: David Nancarrow, Director of Communications
TITLE OF AGENDA ITEM: Establishing A Common and Legal Identity for District 49
ACTION/INFORMATION/DISCUSSION: Action/Discussion

BACKGROUND OR RATIONALE
To provide the Board of Education initial analysis on data collected from the VOC Survey addressing consolidation of District identity so the district’s official, legal, and colloquial names are all the same.

RELEVANT DATA AND EXPECTED OUTCOMES:
By reviewing this presentation, the Board of Education will increase its understanding of the survey results regarding consolidation of the district’s identity.

IMPACTS ON THE DISTRICT’S MISSION PRIORITIES—THE RINGS AND ROCKS:

Opposing Comment Themes

- Cost or Waste of Time and Money
- Other Priorities are More Important
- Proposal Disrespects Legacy of Falcon
- Proposal Adds No Value for Students
- *Pikes Peak* is Common/Generic/Inaccurate
- Survey Questions are Leading/Misleading
- Proposal Erodes Trust in Community
My family homesteaded this area and firmly disagree with this change by people who have only recently been a part of this community and area. Growth doesn't always require change. We should be proud of the history and celebrate what it means to be part of that.

If we should drop the name of an area actually in the district (Falcon), it doesn't make any sense to select a landmark that isn't even located in the district. People are going to think D49 is in Teller County. The district is trying to distinguish itself as a Portfolio district. Choose a name that reflects that!

After finally getting voters to approve funds, why would you even appear to waste time and money on something like this? I am already hearing very unhappy people who trusted us again.

This change is a waste of taxpayer dollars. The name does not give any added value to students or classrooms. When so many schools are overcrowded, perhaps D49 could focus time, energy & money into imp.

Brand Identity Proposal General Questions and Answers

It seems like we just changed the district name by dropping Falcon. Why are we considering changing?
Although we adjusted our branding in 2015 to emphasize District 49 as opposed to Falcon District 49, we never changed our legal or official name. We are officially El Paso County School District 49. In the larger community and around Colorado, there is some confusion about what is District 49, what is Falcon, and what is the right way to refer to schools in District 49 that are not part of the Falcon community. One purpose of this change is to consolidate all our names so that our official, legal, and colloquial names are all the same.

Will it be expensive and wasteful to change our logos and all our materials again so soon?
The proposal does not direct staff to change our logo. In fact, the short forms of the logo such as D49 or District 49 would still be accurate and usable. We would maintain our current investments. However, as we continually produce new materials for new audiences, we would begin incorporating the language of Pikes Peak District 49 where appropriate. Name changes with legal and financial institutions, press agencies, and state agencies don't cost anything but we would plan to notify those agencies promptly to begin the transition process. Overall, we would ensure this transition would have very minor financial impacts.

Why choose Pikes Peak and not some other name?
Clarity: Many districts in Colorado have some geographical/numerical pairing, like Harrison 2 or Lewis-Palmer 38. We have learned that across Colorado and especially outside the state, the designation “District 49” and the name “Falcon” are both ineffective identifiers. Coloradans who know about Falcon, tend to have an outdated perception that we are a rural district, somewhere on the plains east of Colorado Springs. Outside the state, at recruiting fairs and conferences, both Falcon and District 49 are unknowns. In the limited instances when we use El Paso County District 49, people often infer incorrectly that we are affiliated with the city of El Paso in Texas. It would be accurate to affiliate with Colorado Springs, since so much of that municipality is in our district, but that would create confusion with the existing Colorado Springs District 11. We see exactly that confusing scenario with Pueblo 60 and Pueblo 70 school districts.
Familiarity: We are proposing to adopt Pikes Peak District 49 because it is a regional identity that matches our profile of regional leadership and service. It is easily recognizable across Colorado and outside Colorado, and the mountain is a landmark that all our schools and programs have in common.

How does this make our schools better?
District 49 aspires to recruit highly-qualified new teachers, both locally and nationally. Pikes Peak is grounded locally, but recognized across the country, giving top candidates an immediate way to identify where they would learn, work and lead as part of the District 49 team.

Why now?
District 49 enters 2018 as the recipient of the Rocky Mountain Performance Excellence Peak Award. It is the highest award of performance excellence an organization can earn from RMPEx, and District 49 is the first school district in the 18-year history of the program to receive this award. As we carry momentum from this recognition into pursuing new goals of achievement, establishing our district identity as Pikes Peak District 49 would reflect our regional and state leadership, in addition to providing a very well-known point of reference for our efforts to recruit students and staff from all over the country.

How soon would the name change take effect?
If the board adopts a resolution, then they would task the administration to begin implementing the naming change upon adoption. Some aspects would probably take very little time, such as communicating with CDE. Other work might take weeks or months as we use up existing materials and begin developing new communications materials with the new branding.
RESOLUTION
Reserving the Name Falcon for the Schools in that Community and
Adopting a Consolidated Regional Identity for District 49
April 12, 2018

WHEREAS, the school district known legally as El Paso County School District 49 has been historically identified as Falcon 49; and

WHEREAS, the population of the district has grown substantially since its founding in 1884, especially during the period of rapid community expansion from 1990 to the present; and

WHEREAS, the district now encompasses many developments and neighborhoods in addition to Falcon, including regions reflected in our district’s zones including the Sand Creek area, the Powers corridor; new development in Banning Lewis Ranch, and major developments along Meridian Road north of Falcon; and

WHEREAS, District 49’s portfolio of schools serves over 21,000 students including several thousands who do not reside within our district boundaries—making our district a regional provider with the largest choice enrollment in the Pikes Peak region; and

WHEREAS, expansion of communities, neighborhoods, and populations across our portfolio of schools has diluted the district’s traditional identification with Falcon;

NOW, THEREFORE, we, the District 49 Board of Education, direct administration and all staff to reserve the exclusive use of the designation Falcon to refer to the zone of schools in the traditional community of Falcon, including Falcon Elementary School of Technology, Falcon Middle School, Falcon High School, Woodmen Hills Elementary School, Meridian Ranch Elementary School and Bennett Ranch Elementary School as well as the Falcon Legacy Campus— including the Falcon Homeschool Program.

We further direct the administration and all staff to implement a single legal and standard identity for the district. Given the district’s role as a leader for choice and innovation in the Pikes Peak region, recognizing the district’s recent recognition as a peak performer by Rocky Mountain Performance Excellence, and recognizing that every school in the district shares a view of our local landmark, we adopt the legal name Pikes Peak School District 49 effective immediately for all ongoing communications, transactions and identification with governmental and other agencies. For all settings where “school” would be redundant, such as on busses or at school conferences, the shorter form of Pikes Peak District 49 is acceptable.

Approved and adopted this 12th day of April 2018.

Marie La Vere-Wright, Board President
District 49

District 49
Voice of the Community - The Future Identity of District 49

Beginning at their work session on Feb. 28, the District 49 Board of Education will consider a resolution to reserve the name Falcon for the schools in that community while adopting a regional name (Pikes Peak District 49) to reflect the regional leadership and geographic expanse of the district.

To view the proposed resolution, click here.

Questions of identity are significant and meaningful to the community, so before making a decision, the board is seeking input from every segment of our community. Our mission is to learn, work, and lead so we can be the best choice.
In fulfillment of that mission and vision, we seek your input and appreciate the time you invest in sharing your insights.

The Voice of the Community survey includes seven questions and should take about 5 minutes to complete.

With the completed surveys we have already received, some questions have been asked about the proposal. We'd like to share those questions with you, along with answers to clarify. To view these questions and answers, click here.

Please share your response to each item below and provide any additional comments that might inform the board's decision.

*(mobile users, please click next to see questions)*

1) Please indicate your connection with District 49 (check all that apply).
   
   [ ] I am a student at a district school or a district charter school.
   [ ] I am a parent of a student enrolled in a district school or a district charter school.
   [ ] I am employed by District 49.
   [ ] I am a resident of District 49.

2) Please indicate which zone you reside in or identify with most.
   
   ( ) Falcon
   ( ) POWER
   ( ) Sand Creek
   ( ) iConnect
   ( ) I'm unsure or Not Affiliated with a Single Zone

3) Significant growth in population, developments and neighborhoods—reflected in our district’s expansion to include the Sand Creek area, the Powers corridor, new development in Banning Lewis Ranch and major developments along Meridian Road north of Falcon—has diluted the district’s traditional identification with Falcon.
4) By serving more than 21,000 students, which includes several thousand who do not reside within our district boundaries and with the largest choice enrollment in the Pikes Peak region, our portfolio of schools is a leading regional provider.

Comments:

5) District 49 should reserve the name Falcon exclusively for the zone of schools associated with the traditional community of Falcon, including Falcon Elementary School of Technology, Falcon Middle School, Falcon High School, Woodmen Hills Elementary School, Meridian Ranch Elementary School and Bennett Ranch Elementary School as well as the Falcon Legacy Campus—including the Falcon Homeschool Program.

Comments:

6) Given the district’s role as a leader for choice and innovation in the Pikes Peak Region, noting the district’s recent recognition as a peak performer by Rocky Mountain Performance Excellence, and recognizing that every school in the district shares a view of our local landmark, District 49 should adopt the legal name Pikes Peak School District 49 with approval to use the short form of Pikes Peak District 49 as appropriate.

Comments:
7) If it adopts a new district name, District 49 should continue using brand and other items with the D49 logo and should preserve its investment in current logos and brand materials by developing a consistent logo similar to that in current use. The graphic below illustrates one possible design.

Thank you for taking our survey. Feedback from community members, like you, is very important to us as we explore a new identity for District 49.
Discussion Considerations for Naming D49

Of all possible names, why does the resolution call out *Pikes Peak* District 49? What are the tradeoffs for other name options?

<table>
<thead>
<tr>
<th>Concern</th>
<th>Response</th>
</tr>
</thead>
<tbody>
<tr>
<td>Replacing Signage</td>
<td>The proposal does not recommend replacing any of our current signs. Signs with D49 and District 49 remain accurate and consistent with the proposed consolidated brand.</td>
</tr>
<tr>
<td>Repainting Buses or other vehicles</td>
<td>Just as we did not repaint buses or other vehicles in 2015, but continued operating with legacy logos saying Falcon District 49, we will continue using existing equipment with existing branding.</td>
</tr>
<tr>
<td>Buying New Letterhead</td>
<td>We use digital letterhead and transmit written documents via email or shared storage like Google drive.</td>
</tr>
<tr>
<td>Buying new Business Cards</td>
<td>As we run out of existing stocks of business cards, we would refill with the new logo, but since the logo and other information is still accurate, there would be no need to discard useful items. Many of us with business cards still use the pre-2015 version and will continue using the D49 items.</td>
</tr>
<tr>
<td>Buying new recruiting materials</td>
<td>New materials to support our out-of-state recruiting presence and efforts would be the most visible expenditure related to this proposal, but those would not be new costs. We refresh our recruiting materials annually and buy brochures, flyers, or signage as part of our presence at recruiting fairs. Even that annual expense is low—estimated at $1,323, but having the consolidated brand and new logo will help us attract attention and interest from prospective employees.</td>
</tr>
<tr>
<td>Buying new logowear</td>
<td>Most of the schools in the district purchase staff shirts for identity and unity. Those shirts are always designed around the school logo, not the district log. For the very limited number of staff who should represent our district in settings like job fairs, conferences, etc. it has been our practice to make small orders annually. The total of those annual orders has been under $366.</td>
</tr>
<tr>
<td>New Badges and Name Tags</td>
<td>Badges are replaced or refreshed for secure entry purposes, not for branding purposes. Many schools use a school-specific logo and branding. Employees with District 49 name tags could continue to use current versions as the logo would still be accurate.</td>
</tr>
<tr>
<td>Section</td>
<td>Description</td>
</tr>
<tr>
<td>-------------------------------</td>
<td>---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Cost of the Survey</td>
<td>We purchase SurveyGizmo through an annual enterprise contract ($7K/year) and use it for hundreds of surveys and forms capturing hundreds of thousands of responses. The enterprise contract is both less expensive and dramatically more useful than having each individual school bootstrap a low-priced solution using Google forms or some other free provider. All of our large scale surveys including VoW monthly, the Bennett Ranch naming and boundaries processes, our Director District process, all of our cultural compass surveys, our teacher compensation survey, and the Voice of the Community for this issue are only possible on an enterprise platform with unlimited responses and unlimited surveys. It added no cost to host this survey through our account, just as adding a web page or sending an additional thousand emails adds no cost to those platforms. If we had never considered this proposal, we would still find great value in our SurveyGizmo contract.</td>
</tr>
<tr>
<td>Cost of changing the website</td>
<td>Our website is built around a library of core elements, so changing a picture or calendar item in the library is reflected across more than 600 individual pages. We only have to upload a single image file.</td>
</tr>
<tr>
<td>Filing Fees</td>
<td>There are no new legal filing fees. We already have to file annually to affirm our business identity using the formal/legal name as well as all the other names by which we have done business. So, we simply add one name to that list. For agencies and media outlets, the time to send an email is the only real investment.</td>
</tr>
<tr>
<td>Time to Create Proposal and Solicit Input</td>
<td>This proposal did take time and collecting and reporting public input does take time. We consider proposals to improve district performance as part of our work, so with the board’s direction, we prioritize exploring a wide range of possibilities and upgrades.</td>
</tr>

The “Marketplace”

Welcome to the 49 Pathways Workplace Learning resource page!
The Workplace Learning Team is dedicated to providing students, teachers, counselors and parents with workplace exploration, training and career information. This information can add value to a student's career pathway plan and connect students to real-life career exploration and training, with local Business Champions. These experiences will help students get career-ready right out of high school or give them a head start on post-secondary education or training.

The Marketplace is where students can connect with local businesses to apply for workplace learning & training opportunities!

Special Education

• Three Areas of Focus
  – Effective Instruction
    • More than 95 hours of Professional Development were provided to Special Education Staff this year
  – Recruit and Retain
    • Improvement to Special Service Provider (SSP) salaries allows District 49 to become more competitive in the region
    • Accurate job descriptions (Center based teachers, SSP’s and para-professionals) allow for more transparent job responsibilities and expectations
  – Collaborative Communication
    • An addition of 3 more Special Education Zone administrators will allow for more continued and intense building/zone collaboration to meet specific needs
Special Education

• Visible Improvements in our 2017 Administrative Unit (AU) Determination through a highly collaborative effort!
  – In a recent CDE Communication, District 49 now enjoys an overall improvement from the 2016 AU Determination in required compliance and results/achievement areas.
  – To illustrate a few:
    • A proficiency rating increase in our overall AU Determination rating. We now “Meet Expectations” and do not reflect “Needs Assistance”.
    • The AU Determination rating formula includes Compliance ranked as 75% of the overall score, and the remaining 25% is from Results.
    • An increase to our overall Compliance rating to 100%. This results in now “Meets Expectations” and no longer “Needs Assistance”.
    • An increase for I-13 (Secondary Transition) to 100%; all points possible were obtained.
    • Preschool achievement and growth saw noticeable gains in 4 out of 5 areas
    • I-14 (Post School Outcomes) results indicate an increase of the outcome to 20 points in this year’s report.

Questions?
BACKGROUND OR RATIONALE
For compliance with School Wellness Policy ADF, schools will submit School Health Improvement Plans (SHIPs) annually.

RELEVANT DATA AND EXPECTED OUTCOMES:
All schools have SHIPs based on their assessment, needs and school priorities. The SHIPs must focus on one of the ten components of the Whole School, Whole Community, Whole Child model. The ten components include: Family Engagement, Community Involvement, Health Education, Physical Education and Physical Activity, Health Services, Nutrition Environment and Services, Counseling, Psychological and Social Services, Physical Environment, Social and Emotional Climate, and Health Promotion for Staff.

Information item for the board of education to show current progress on SHIPs for each school as well as wellness program highlights since the addition of a Coordinator of Health & Wellness. Research shows a link between health outcomes and the academic success of students.

District 49 has received national and state level recognition for our work around healthy schools as well as a number of outside grants to support our work. Family Engagement and Community Involvement are two components of the WSCC model and many schools include these in their SHIPs.

SHIPs provide the framework for each school to focus on continuous improvement around school health. Each school tailors SHIPs to meet the needs of their individual populations. School health teams have autonomy to develop health improvement strategies aligned with the mission, vision and needs of the school.

Research shows a link between health outcomes and the academic success of students.

School Health Improvement Plan (SHIP)

**What is the School Health Improvement Plan?**
The School Health Improvement Plan is a school’s one-year work plan to address the school’s health need(s). The following provides guidance for completing each component of a SHIP.

---

### SHIP Components

#### Priority Area: *Ten Components of The Whole School, Whole Community, Whole Child Model*

It is recommended school teams complete a school health assessment, such as Smart Source and identify priority areas for improvement from the Whole School, Whole Community, Whole Child model prior to writing their SHIP. Your SMART objectives should demonstrate how you will improve your selected priority area. Which priority area(s) did your school team decide to address this year? Does your SMART objective align with your priority area(s)?

For example: After completing your assessment, your school health team identified the following priority areas to address this school year:

- Provide students with opportunities for physical activity on a daily basis outside of the physical education program
- Classrooms offer non-food or healthy rewards

Based on your priority areas, your SMART objectives might look like this:

- By December 1, 75% of teachers and staff will implement physical activity breaks in their classroom on a daily basis.
- By December 1, 100% of teachers and staff will use non-food rewards for behavior or accomplishments.

---

### SHIP Checklist

- Priority area(s) for improvement has been identified by the school health team using an assessment and prioritization process
- SMART objective(s) demonstrates efforts to improve priority area
**SMART Objective:**
Well-written objectives always answer the following question: WHO is going to do WHAT, WHEN, and TO WHAT EXTENT? They should describe participants, actions or interactions, and activities.

- **Specific:** Who? (Target Population) and What? (Action/Activity)
- **Measurable:** How much change is expected?
- **Attainable:** Can it be realistically accomplished given current resources and constraints.
- **Relevant:** Does it address needs and proposes reasonable action steps to lead to desirable results.
- **Time-phased:** Does it provide a timeline indicating by when the objective will be met.

**Data Collection:**
Data collected should show evidence that you successfully met or made progress towards meeting the SMART objective. Data can be qualitative (e.g., student reactions) or quantitative (e.g., student grades or results from an assessment.) Generally speaking, data are collected to get a baseline and then again after a plan has been implemented.

**Action Steps:**
Action steps are the activities needed to implement the SHIP and reach the stated SMART objective. When writing action steps, start them with a verb.

In addition to the action steps necessary for achieving the SMART objective, SHIPs should also include the following action steps:
- Regular meetings with your school health team
- Data collection activities (e.g., pre and post surveys, assessments, observations, etc.)
- Work on your school/district wellness policy (e.g., assessing communicating, revising, implementing, etc.)

**Things to Remember:**
1. Don’t try to take on everything at once!
2. The focus of the SHIP should be on the health needs/highest priorities identified through the school assessment.
3. Get input from other individuals in your school on how best to address your school’s health needs.
4. Meet regularly with your school health team and monitor SHIP progress.
5. Build sustainability efforts into your SHIP.
6. A final consideration, if you gave your SHIP to someone who is not familiar with your plan would they understand what you are planning on doing? If no consider adding more details!

To be Implemented in School Year: 2017-2018

Co-leader Name(s): Bryan Mickelson, Kristen Billingsley
Principal: Michelle Slyter

Priority Area #1: What priority area have you selected to focus your efforts?
Physical Activity

SMART Objective #1 (desired change):
Evans Elementary will increase daily physical activity during indoor and outdoor recess. Evans’ Fuel Up to Play 60 (FUP60) team has chosen to do the “Recess Refresh” Play. Each of the 700 students at Evans will have access to new indoor recess equipment that will encourage a raised level of activity and provide education on healthy eating. Outdoor recess will be refreshed by rewriting the playground rules with the input of the FUP60 team. New rubberized play surface. This Objective started in September 2017 and will complete in May 2018.

Data: What data will you collect that will indicate the objective has been achieved?
Reduction in the number of office referrals from recess
Teachers observing a raised level of activity and excitement
Track the number of times the indoor recess equipment is checked out.

Describe other activities beyond your SHIP that support and further the health and wellness of students, staff, and family in your school:

Fourth and fifth grade students get chosen to participate in student council to promote leadership and school activities. Evans works with an organization that gives bags of new clothing to ten students who are in need. For Thanksgiving, each grade level sponsors a community organization. The grade level brings in needed items, and writes letters of thanks. During October, Evans has Healthy Choice Days to give information and promote healthy choices at school, home, and within the community. Each day a new theme is presented and an activity is completed within the class. Small groups are held each day by the counselor to work a variety of skills. Skills like social skills, grief, changing families, and anger are worked on.

Co-leader Jessica Emery enrolled in and completed the graduate course offered by UNC titled, “Implementing Physical Activity into the Classroom”. Due to this class, I include physical activity into my classes daily. Completed ‘Mindfulness’ training at the end of 2017 and have since have shared my knowledge of what I learned to my students and fellow staff members. I also encourage staff members to attend the wellness/mindfulness trainings offered by the district.

We plan to offer a Mindfulness training rotation at our next Professional Development Day.

Students are encouraged to drink only water during the school day and in classrooms. There are multiple hydration stations located throughout the main building that offer opportunities for staff and students to refill water bottles throughout the day.

Initial talks have begun to start a farmers market type fair at the school with vegetables grown in our school greenhouse and vendors from the community.

Possible sign up for the Walk/Bike to school event on October 4. Passing out granola/Clif bars and water to those who participate.

Medicaid funds directed towards continued progress of the school greenhouse. (2/28/18)

Some games/materials will be purchased for students to use during break from state testing that will be administered in April. (2/28/18)

Received grant money for a ball cart and 24 playground balls (football, soccer, basketball, playground balls) which has greatly increased our student’s activity level during outdoor recess time.

Thank Goodness It’s Fitness Friday (TGIFF)—one Friday a month, all students in PreK-8th grade will participate in whole group movement led over the morning announcements.

Friday Adult Art Classes—Teachers can unwind after a stressful week through art led by our building’s Art teacher.

Food Rules—Teachers will receive fun and informative emails each week that include facts regarding nutrition. These will also be posted for our Middle School students.

Wellness Corner—We will have health and wellness articles included in our school’s monthly newsletter that is distributed to parents and staff.

Salads—Our school cafeteria will offer salads at lunch for staff and middle school students.

After school activities- our campus offers: Landshark Running Club, Karate, Garden Club, Cooking Class

January 2nd—We hosted a staff hydration station with various flavored water to kick off our January Drink H20 Challenge!

Imagine Indigo Ranch Wellness Goals

Our goal was to increase our students activity level in the classroom using “Go Noodle” and outside at recess. To accomplish this goal, we used our grant money to purchase a ball cart and playground balls (football, basketball, soccer balls, four-square balls) to give students opportunities to play ball games on our new playground. At recess, all kids are moving and engaged in activity.

To promote healthy eating, we used some of our grant money to award classrooms that exceeded 200 “Go Noodle” minutes a chance to enter a drawing for a fruit and veggie party.

For our staff members, we decided to do a different monthly “Wellness Challenge” each month. Each winner received a $20.00 gift card of their choice and their name on our “Staff Shout Out” wall. Monthly challenges varied each month such as the Hydration Challenge, Vegetable Challenge, Fruit Challenge, Step Challenge, Activity Challenge, and our last one will be Outdoor Exercise Challenge in April.

Describe other activities beyond your SHIP that support and further the health and wellness of students, staff, and family in your school:

To help combat the onset of flu and other illnesses, we seek to improve the biological environment of the school by diffusing appropriate disinfecting/cleansing materials to staff and by promoting proper use of these products.

We desire to improve staff and student health by providing at least one water bottler refill station for the Commons Area and south end of each hallway. Doing so improves the capacity of personnel drinking sufficient water during the school day.

Exercise + Cleaner Rooms + Hydration & Nutrition = fewer sick days.
**What is the School Health Improvement Plan?**
The School Health Improvement Plan is a school’s one-year work plan to address the school’s health need(s). The following provides guidance for completing each component of a SHIP.

<table>
<thead>
<tr>
<th>SHIP Components</th>
<th>SHIP Checklist</th>
</tr>
</thead>
</table>
| **Priority Area:** Ten Components of The Whole School, Whole Community, Whole Child Model | □ Priority area(s) for improvement has been identified by the school health team using an assessment and prioritization process  
□ SMART objective(s) demonstrates efforts to improve priority area |

It is recommended school teams complete a school health assessment, such as Smart Source and identify priority areas for improvement from the Whole School, Whole Community, Whole Child model prior to writing their SHIP. Your SMART objectives should demonstrate how you will improve your selected priority area. Which priority area(s) did your school team decide to address this year? Does your SMART objective align with your priority area(s)?

For example: After completing your assessment, your school health team identified the following priority areas to address this school year:
- Provide students with opportunities for physical activity on a daily basis outside of the physical education program
- Classrooms offer non-food or healthy rewards

Based on your priority areas, your SMART objectives might look like this:
- By December 1, 75% of teachers and staff will implement physical activity breaks in their classroom on a daily basis.
- By December 1, 100% of teachers and staff will use non-food rewards for behavior or accomplishments.

**SMART Objective:**
Well-written objectives always answer the following question: WHO is going to do WHAT, WHEN, and TO WHAT EXTENT? They should describe participants, actions or interactions, and activities.
- **Specific:** Who? (Target Population) and What? (Action/Activity)
- **Measurable:** How much change is expected?
- **Attainable:** Can it be realistically accomplished given current resources and constraints.
- **Relevant:** Does it address needs and proposes reasonable action steps to lead to desirable results.
- **Time-phased:** Does it provide a timeline indicating by when the objective will be met.

□ Specific  
□ Measurable  
□ Attainable  
□ Relevant  
□ Time-phased
### Data Collection:
Data collected should show evidence that you successfully met or made progress towards meeting the SMART objective. Data can be qualitative (e.g., student reactions) or quantitative (e.g., student grades or results from an assessment.) Generally speaking, data are collected to get a baseline and then again after a plan has been implemented.

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>□ Data collection is aligned with the SMART objectives</td>
</tr>
</tbody>
</table>

### Action Steps:
Action steps are the activities needed to implement the SHIP and reach the stated SMART objective. When writing action steps, start them with a verb.

In addition to the action steps necessary for achieving the SMART objective, SHIPs should also include the following action steps:
- *Regular meetings with your school health team*
- *Data collection activities (e.g., pre and post surveys, assessments, observations, etc.)*
- *Work on your school/district wellness policy (e.g., assessing communicating, revising, implementing, etc.)*

### Things to Remember:
1. *Don’t try to take on everything at once!*
2. *The focus of the SHIP should be on the health needs/highest priorities identified through the school assessment.*
3. *Get input from other individuals in your school on how best to address your school’s health needs.*
4. *Meet regularly with your school health team and monitor SHIP progress.*
5. *Build sustainability efforts into your SHIP.*
6. *A final consideration, if you gave your SHIP to someone who is not familiar with your plan would they understand what you are planning on doing? If no consider adding more details!*
Ridgeview Elementary School
Healthy Schools Successful Students: School Health Improvement Plan (SHIP)

To be Implemented in School Year: 2017-2018

Co-leader Name(s): Lori Dion/Julie Hegger
Principal: Theresa Ritz
Assistant Principals: Marjorie McKeal & Kim Moore

Priority Area #1: What priority area have you selected to focus your efforts?
Improve the climate and culture of the staff through the Capturing Kids Hearts philosophy/practices we’ve learned at Capturing Kids’ Hearts trainings. (affirmations, greetings, body language, etc.)

SMART Objective #1 (desired change): Staff will recognize and acknowledge each other to show that they appreciate their act (smiling at someone, covering classes, supporting with a student, covering duties, taking an interest beyond just a greeting, etc.)

☐ New Objective □ Continuing/Expanded Objective

Data: What data will you collect that will indicate the objective has been achieved?
Staff survey in October and in March
The survey results are as follows:

Do you feel appreciated/recognized by admin? Increase of 10%
Do you feel appreciated/recognized by your teammates? Increase of 34%
Do you feel like RVES has a friendly atmosphere? Increase of 12%
Do you feel valued as a professional? Increase of 16%
Do you feel that you are recognized appropriately for your efforts? Increase of 7%

Comments that were made on the survey:

- My teammates are wonderful!
- I love working at RVES!
- I love feeling welcomed and supported! Shout out to Kim Moore, who always happy and positive, she makes me feel capable and ready to go!
- Sometimes it feels like there’s tension between staff members because they’re so stressed.
- Some people are fake gossipy.
- We constantly have things added to our plates under the guise of it’s just 20-30 minutes but nothing is taken off so we constantly feel like we are drowning and behind.
- I love it here and I love the atmosphere.
- I appreciate the value and rewards.
- Too much on plate and more being added all the time, overwhelming and exhausting.
- I feel appreciated and recognized by my teammates. I don’t feel that admin treats staff as professionals and there is a lot of micromanaging and no trust between staff and admin.
- Small tokens of appreciation go a long way! Jean days are great but there are other ways to show your appreciation or thanks. Moral at RVES is poor/low. I just do not know what the answer is.

### Skyview Middle School
Healthy Schools Successful Students: School Health Improvement Plan (SHIP)

**To be Implemented in School Year: 2017-2018**

**Co-leader Name(s):** Anthony Marino and Megan Rasmusen  
**Principal: Cathy Tinucci**

**Priority Area #1: What priority area have you selected to focus your efforts?** Our efforts are focused on student nutrition. The priority is to educate students how to shop and cook healthy foods, while realizing the benefits of proper nutrition. Students who are less fortunate also have the opportunity to have a healthy meal that they might not get at home.

**SMART Objective #1 (desired change):** By May 2018, D49 Skyview Middle School will continue a student cooking club and implement at least 1 new NUTRITION meal plan per session. The club will be held seven times this school year. Three times the first semester and four times the second semester. The club will include at least two staff members and no more than 50 students per meeting.

- [ ] New Objective

Staff members will receive a healthy checklist to complete over Spring Break. Checklist includes items such as: go out to dinner, call an old friend, go hiking, etc… This checklist helps promote physical, social, and mental/emotional health. Staff members who turn in their checklist are entered to win a prize.

Skyview also hosts a Health Expo through enrichment classes every year. Community members come in and talk about health issues including nutrition and physical activity. Again this year we will be partnering with Skyview’s FuelUp to Play 60 club to promote healthy choices and physical activity. Fuel Up, along with the WSCC Team will team up to help support the Cooking Club. The expo will also include an emphasis on mental health this year, bringing in a presenter to speak on Mindfulness.

In the fall, the Health Team completed a SMART Source Assessment. We received $200 for completing this assessment, and the monies were used to purchase healthy items for each grade levels school store. Items were: footballs, volleyballs, basketballs, soccer balls, colored pencils, school items, etc...

BACKGROUND OR RATIONALE
In an effort to provide School/Department administration more accurate information on financial performance throughout the year, a new financial ‘score card’ is being developed by the finance department.

RELEVANT DATA AND EXPECTED OUTCOMES:
These ‘score cards’ now measure monthly actual performance against a 3 year monthly historic average in an effort to help administration achieve budget targets.

IMPACTS ON THE DISTRICT’S MISSION PRIORITIES—THE RINGS AND ROCKS:
With the district’s commitment to Continuous Improvement, these score cards will provide an objective way to monitor and report on financial performance at the school and zone level.
