Dear Parents:

Horizon Middle School, in partnership with the Ronald McDonald House Charities and Peak Vista, will be hosting a mobile medical event at Horizon Middle School’s Back to School Night!

**Here’s the scoop:**

**Immunizations required for school attendance and sports physicals will be offered to District 49 students at no cost to parents!**

**Is your child insured?** Peak Vista will submit a claim for services to your insurance company on your behalf. Even if for some reason the claim is denied, you will never receive a bill for services or be asked for a co-pay. Medicaid, CHP+ and private insurance is accepted, just bring the insurance card.

**Is your child uninsured?** No worries! Your child can receive services at no cost. Our friendly partners at Peak Vista can point you in the right direction to obtain insurance and you can learn about District 49’s School Based Health Care Center.

**Not certain if your child has met the requirements for immunization law?** Bring in a copy of the immunization record for a review.

**Who should attend?**

- District 49 students who need the following immunizations:
  - Diphtheria, tetanus and pertussis (Dtap/DTP), Polio (IPV), Measles, mumps and rubella (MMR), Hepatitis B (HepB), Chickenpox (Varicella), Tetanus, diphtheria and acellular pertussis (Tdap booster)

- District 49 students who will be playing sports during the 2018-2019 school year.

- Students must have a Tdap booster by age 11-12 years (6th grade). If your child is 13-14 years old and hasn’t had a Tdap booster, we need to see you!

**No cost? I’m in, what do I need to do?**

- Mark your calendar to drop by on Thursday, July 19, 2018 between 8a and 5p
- Bring a current copy of the medical insurance card
- Bring a copy of your child’s immunization record
- Complete parent consent to treat forms (you can fill these out ahead of time if you’d like)

Parents, this is an amazing and convenient opportunity to access the immunizations required by the state of Colorado for school attendance as well as sports physicals for our athletic stars. Don’t miss it!
