****MAXIMUM OF 25 PARTICIPANTS****

---

PTSA Meeting
*Tuesday, January 8th - 4:30 PM*

SAC Meeting
*Thursday, January 17th - 5:30 PM*
Congratulations to Austyn Larson, Ian Glenn, and Caden Murphy on setting the new ALL TIME Skyview Pre-Engineering Catapult Record. The new record is 98 feet.

Congratulations to Cayden Murphy and Donny Troung on setting the new ALL TIME Skyview Pre-Engineering Mouse Trap Car Challenge Record. The new record is 93 feet and 3 inches.

Mrs. Rasmusen
Pre-Engineering Teacher

Kate Purvis won second place in the 2019 Colorado Radon Poster Contest hosted by the Colorado Department of Public Health and Environment.

Congratulations to her!

Ms. Stader
Art Teacher
Health News

Happy new year! My focus this month is on developing one healthy mental habit. Instead of making resolutions that we statistically don’t keep, let’s focus on ONE habit. Ideas are to put down our cell phones and be more present in our surroundings. Take the time to enjoy each other. Be mindful of all of our surroundings. Set technology free time in your house to spend more time talking, learning, and growing from each other.

Flu season on upon us. One of the easiest ways to fight the flu is to wash our hands. Hand washing with plain soap for 30 seconds is the best way to stop the spread of disease. Please remember to report any illnesses that your child has to the school. This is the best way for us to track where illness or occurring. I track all illnesses and will notify parents if there is a concern on a certain team, grade, or specific class.

In November, the Harvest of Love Food Drive collection totaled 12,468 pounds of food! Thank you so much for your support!

The Spirit Week Hat Day on December 18th raised $120 for the fire victims in California.
So far this year, the NJHS members have been involved in many fun and volunteer activities. These are just some of the highlights from our first semester:

**Back-to-School Dance**

The back-to-school dance was the first dance of the year, and the theme was “Under the Sea”. We had a photo booth with a cut-out so that people could take pictures looking like they were in Hawaii, and we had a karaoke room for those who wanted to sing along to their favorite songs. We had tic-tac-toe, hopscotch, bowling, and corn-hole for games that people could play, and everyone also had fun doing the Limbo and dancing to the music from the live DJ. This dance had a great turn-out, and we think it was a success.

**Leadership Day**

During Leadership Day, we collaborated with the Student Council to help welcome fifth graders visiting from different schools. When the fifth graders came, we sang silly songs with a lot of movement, and painted our faces and our hair in team colors. Then we went from station to station as teams, doing leadership activities. The fifth graders had shown leadership at their schools, so we discussed what each activity had to do with leadership after we completed them. We sang more silly songs to end our time with our visitors, and after they left, we discussed what we did well and what we could do better next year. We all had a good time!

**Halloween Dance**

For the Halloween dance, NJHS got to work with Student Council again. Student Council ran the dance, and NJHS set up a haunted maze and a karaoke room. The maze was mostly made of cardboard walls and spooky decorations, and contained people in costumes scaring the children going through, who were led by tour guides. The karaoke room was also decorated for Halloween, and you got a free piece of candy when you entered. The money raised from the maze and karaoke was for charity. People had a good time getting scared!

**Bell-Ringing**

During the bell-ringing, we helped raise money for the Salvation Army. We rang bells and sang Christmas carols. Some people brought instruments so that they could play music. We were stationed at King Soopers, and volunteered for four hours. We had fun being with friends, sharing snacks, and helping each other out with music. We got a lot of donations and compliments, and we are glad that we got to help with this.
