The 2017-18 season was the first season to be classified as a high severity across all age groups. It is important to vaccinate your child against this deadly disease! District 49 is proud to present our boo to the flu clinics. See the attached flyer for the dates of our clinics.

Our student topic for the next 3 months is "Falling into Healthy Habits over the Holidays". Our first topic of education is Halloween. Even though our students are getting older and some may be not be trick or treating, there is a ton of candy available. We want to enjoy these treats but how can we cut down on all the extra sugar? How about no soda with the extra candy? Or skipping dessert if you have candy that day. These tiny tweaks will help build health habits to last a lifetime!
