

License Plate

Here's your time to create your own license plate

1. You must use 6 or 7 letters. A **space** counts as a letter.
2. **Teacher test:** I must be able to read and understand it
3. **Grandma test:** It must not shock any grandma in a random sample of 100 grandmas'
4. List the cost of the letter under its corresponding letter
5. Price: You want to make the **cheapest plate possible!** Add the cost of each letter in your plate to find out your total. List the **absolute value** in the **lower right-hand** corner and **circle it**.
6. Only 1 person can use each word. You must get your word approved by me before you start your license plate.

Grading Rubric:

Correct cost listed under the value: ____/5

Correct total absolute value listed, circled and in the correct corner: ____/5

Name at the top of the plate instead of Colorado: ____/5

Neatness/Creativity: ____/10

Total Price (Absolute Value): ____/7-25

0 = 25pts 3-4 = 15pts 8-10 = 8pts

1-2=20pts 5-7 = 10pts 11+ = 7pts

Total: ____/50
