Auto Collision II		Completion of ACT I			
Auto Service I	Successful completion of Algebra I and one other math course and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Auto Service II		Completion of ASE I			
Construction I	Successful completion of Algebra I and one other math course and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Construction II		None			Writing: 236+ Arithmetic: 265+
Criminal Justice I	Successful completion of Algebra I and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Criminal Justice II		Completion of CRJ I and College Ready in Sentence Skills & Reading Comprehension	CCR 092	470	Writing: 246+
Culinary Arts I	Successful completion of Algebra I and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Culinary Arts II		Completion of CUA I and ServSafe Certificate			
Cyber Security	Successful completion of Algebra I and one other math course and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Diesel Power Mechanics I	Successful completion of Algebra I and one other math course and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Diesel Power Mechanics II		Completion of DPM I			
Early Childhood Education	Successful completion of Algebra I and 2 years of high school English	None (Note: Students will take CCR curriculum within the ECE program to meet ECE prerequisites.)			Writing: 236+ Arithmetic: 265+
Fire Science Technology	Successful completion of Algebra I and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+

Health Careers Exploration	Successful completion of Algebra I and one other math course and College Ready (suggested) + 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Health Science Technology		College Ready in Sentence Skills & Reading Comprehension	CCR 092	470	Writing: 246+
		Algebraic Literacy	MAT 050	500	Arithmetic: 265+
Interior Design I	Successful completion of Algebra I and one other math course and College Ready (suggested) + 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Interior Design II		Completion of IND I			
Multimedia Graphic Design I	Successful completion of Algebra I and one other math course and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Multimedia Graphic Design II		Completion of MGD I			
Radio & Television I	Successful completion of Algebra I and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Radio & Television II		Completion of RTV I			
Welding I	Successful completion of Algebra I and one other math course and 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Welding II		Completion of WEL I			
Zoo Keeping I	Successful completion of Algebra I and one other math course and College Ready (suggested) + 2 years of high school English	None			Writing: 236+ Arithmetic: 265+
Zoo Keeping II		Completion of ZOO I			

Required for Spring Semester Enrollment Only
Required before Fall Semester Begins

The prerequisite course(s) listed for each program should be met through completion of the course noted with a C or better, SAT score(s) in SAT subject section(s), or Accuplacer scores within the identified range. A copy of official SAT scores may be sent with the student's name and PPCC student number (S#) to hsp@ppcc.edu. Accuplacer test information can be found at www.ppcc.edu/testing. Prerequisites must be met prior to May 31 to retain program placement.
