

Parent Coffee  
August 22, 2018

**Attendance:** 19 Parents, 2 Administration, 2 staff members

**Introductions:** Staff and Parents

**Zone Structure** throughout the district. Explained the Powerzone Marzano framework.

- Common language
- Common standards
- Common strategies

**Capturing Kids Hearts:** greeting each student as they arrive, teachers greeting each of their students, good things shared in classrooms and staff meetings, creating social contracts. We were recognized as a CKH National Showcase of schools.

**Data Celebrations:** CMAS- we're surpassing growth both in district as well as state wide.

**Dibels:** highest achievement this year in district

**Safety & Security:** Parking lot procedures were developed with CSPD and district security team. Parking lot is closed from 8-8:25 AM and 3:25-3:40 PM

**Kiss & Go:** parents need to say their "goodbyes" out front not in the lobby

**Modulures:** classrooms that are held in the mods use a buddy system to enter/exit building

**Severe Weather:** Try to call early. It will be posted on marquee and if possible a text will be sent out.

**3:15 Sign-Out:** Starting September 1st should your student have an appointment, going out of town...you will need to have them signed out no later than 3:15.

**SAC committee:** just mentioned if they would be interested to let us know

**Teacher Communication w/parents:** they will send home a monthly newsletter with what is happening within the classroom. If you are not receiving the newsletter contact your students teacher.

**Family Orientation Day Feedback:** Sign-Up Genius is awesome, its good. FOD is much better than Meet your Teacher Night. Liked the options for working parent, love it would be disappointed if we would go back to Meet your Teacher Night. Knowing who the teacher is when picking up after 1st day of school, easier with smaller groups. We encouraged them to fill out the survey about FOD. It is posted on our Facebook page with link.

**Questions:** Is there still Flash Alert available? On D49 website. We also mentioned the color coded messages for delays and closures. What is the volunteer policy? On the D49 website

and well as in the office. How do the students know who the Administration team is? They walk through classrooms, greet students at the front door, assemblies...

**Comments:** Parents can't hear afternoon announcements by the kindergarten pick-up area.
