

Special Education Advisory Council
Meeting 3/14/2022

Introductions/Welcome

Tina Vidovich, staff co-chair welcomed everyone.

Special Education Department Update: Rhonda May not present this evening

- ESY meetings currently being scheduled

Board of Education Update: Lori Thompson not present this evening

District Update: Dr. Lemmond referenced Rhonda's Board presentation from March 10th. She stated it was well done and very thorough in explaining the shift in services we are making next year. https://www.youtube.com/watch?v=OziYfgu0y_A

Open Discussion:

D49 Board meeting recordings can be found on YouTube.

Tina asked for feedback regarding SEAC. Suggestions given included creating SEAC business cards, breaking out into sub-committees at our meetings, hosting meetings in person, and alternating locations for in-person meetings. Topics for next year's parent nights were Transitions and First Time Parents. The SEAC webpage was also mentioned. It was noted that the webpage is undergoing an update. The website will eventually have a ZOOM link, meeting minutes, contacts, event info as well as resources.

Resource Fair: Samantha Hollister was not present this evening and will provide an update at a later date. One thing that was needed for the upcoming Resource Fair we will need people to help with set up and take down. The date of the Fair is tentatively September 17th. Waiting on confirmation that location will be Skyview Middle School. Dr. Lemmond reminded SEAC to fill out a communication plan prior to the event. Additional options for Mild/Moderate needs students were mentioned and there was agreement to seek additional resources and activities.
