## Monthly Financial Report

As of May 31, 2020
(Unaudited)

Brett Ridgway, Chief Business Officer Ron Sprinz, Finance Director

Date: June 25, 2020

To the Citizens and Board of Education of School District 49:
State law requires that the Board of Education shall review the financial condition of the school district at least quarterly (C.R.S 22-45-102(1)(b)). In an effort to be more transparent, the District provides a financial report to the public monthly. The following is the unaudited Monthly Financial Report for the period ending May 31, 2020.

This financial package includes balance sheets as well as revenues and expenditures with prior year to date, current budget and actual expenditures for all funds within the School District. Expenditure reports for each zone and school, as we as grant information. Other analysis has also been included to help in the understanding of expenditures.

Interim financial statements are unaudited and will occasionally contain immaterial coding or reclassification errors that do not materially affect the results of each fund. These items will be corrected in subsequent reports.

Sincerely,

Brett Ridgway, Chief Financial Officer

## About District 49

Our vision is to be the best choice in public education. We envision a future when every time a student, parent, or educator chooses a school district, we are the best choice they can make. We have a mission to Learn, Work, and Lead. Our commitment is to be the best place to learn, to work, and to lead. Every day, we create environments so that everyone associated with the district is always learning, working, and leading us to be the best.

District 49 spans 133 square miles of urban and rural areas in Colorado, covering northeast Colorado Springs and the Falcon area of El Paso County. The district's central office is located at 10850 E. Woodmen Road in Peyton, Colo. As the fastest growing school district in the Pikes Peak region, it's currently serving more than 21,000 students within its portfolio of schools. The district offers school choice options and has seven Chartered Schools within its portfolio, adding over 6,000 additional students.

With a pioneer organizational structure, District 49 is led by three chief officers rather than a single superintendent: a chief education officer, a chief business officer and a chief operations officer. The District was organized in 1888 is the third largest district in El Paso County and the 14th largest in Colorado. The District has a population of 93,314 based on the 2018 US Census.

The District operates eleven elementary schools, three middle schools, three high schools, seven charter schools (five K-8 and two high school), two online programs, one alternative school program, one home school program and three student support facilities. These schools service over 22,500 students. They provide a full range of programs and services authorized by Colorado statute. This includes: pre-kindergarten, elementary, and secondary curriculum at the general, college preparatory and vocational levels. The District also provides the chance for high school students to take college classes and receive college credit during the high school years.

The District has seven charter schools under its Chartered Portfolio. Each charter school has been approved by the Board and authorized by the State of Colorado to provide alternatives for students and parents. These schools have separate governing boards and are funded by the State of Colorado and local property tax funds which passes through the district. The District also provides some support services to the charter schools.

District 49 charter schools are as follows:

- Pikes Peak School of Expeditionary Learning established with D49 in 2004
- Banning Lewis Ranch Academy and Prep established with D49 in 2006
- Imagine Classical Academy established with D49 in 2010
- GOAL Academy established with D49 in 2014
- Rocky Mountain Classical Academy established with D49 in 2015
- Power Technical Early College established with D49 in 2016
- Liberty Tree Academy established with D49 in 2018
- Three additional Charter Schools are expected to open for the 2020-2021 school year

The District is governed by a five member Board of Education (the Board). Board members are elected to four year terms by registered voters of the District. The District is divided into five representative areas. Board members must live in the area they represent and are limited to two (2) terms. Biennial school district elections are held in November of odd-numbered years. The Board elects its officers following each yearly election. The Board is a policy making body whose primary functions are to establish policies for the District, provide for the general operation and personnel of the District and oversee the property, facilities and financial affairs of the District. Members of the Board serve without receiving compensation.

The District is divided into four zones: Falcon Zone, Sand Creek Zone, POWER Zone and iConnect Zone. Each zone is led by a zone leader and is similar to an assistant superintendent at other school districts. Three zones cover a geographic area and one covers alternative schools and charter schools. Each of the geographic zones contains three or four elementary schools, one middle, and one high school.

The Falcon Zone has a strong tradition that dates back to 1900. That tradition carries on today with six highly successful schools. Falcon Zone offers the following programs: Academy of Health Sciences, Academy of Finance, Academy of Information and Technology, Air Force JROTC, FBLA, Distributive Education Clubs of America, Link Crew, National Honor Society, Student-to-Student program and many others. The zone offers more than 20 advanced placement and CU Succeed classes. Its schools have performed well on CMAS and SAT.

While the Falcon Zone greatly honors tradition, we also embrace that our learners today deserve a different learning experience from yesteryear-one that will prepare them to be successful in our ever-changing world.

The Sand Creek Zone, located in the southwest corner of the district, covers about 7 square miles. Three of the schools, Evans International Elementary School, Horizon Middle School and Sand Creek High School, encompass the only K-12 International Baccalaureate feeder system in eastern Colorado Springs. As an internationally accredited, rigorous and engaging educational program, the International Baccalaureate is a large part of the zone's identity. All of its schools, including Springs Ranch Elementary School and Remington Elementary School, offer a first class education for students with diverse interests and needs, and each extends sound, research-based educational services to each learner. Academic supports are also provided in each building to be inclusive of all students and their current capabilities.

The Sand Creek Zone focuses on the pursuit of excellence, meeting students where they are and putting them on a personalized path to success. The zone's commitment to technology and the latest classroom innovations allow for the development and mastery of 21st century skills at all
levels of a child's education. All Sand Creek Zone staff learn, work and lead with a growth mindset, benefitting students by utilizing the newest structures and strategies daily. As a result, educators value and expect beneficial engagement among all students. They offer gifted and talented services, performing and visual arts, engineering and business pathways, workplace learning opportunities, full-day kindergarten at no cost to families, and a wealth of extra-curricular activities for students at all levels. The Sand Creek Zone is dedicated to its stakeholders, service in the community, growth and innovation and above all, student success.

## Power Zone

The Power zone covers the northwest part of the district and covers about 8 square miles. Odyssey Elementary School, Skyview Middle School and Vista Ridge High School are designated by District 49 as "STEM schools." STEM stands for science, technology, engineering, and math.

The STEM designation's purpose is to get students interested in STEM-related careers, but not at the expense of other content areas. The root of a STEM education is inquiry based learning, which is teaching students how to think and problem solve.

Schools are implementing this type of learning through project-based units, which requires the integration of other content areas. Students begin to see the relationships between various subject areas and use major skills learned in each area in multiple classrooms. Our goal is to help our students become well rounded thinkers and problem solvers in this digital age.

## iConnect Zone

The fourth zone in the District is the iConnect Zone. This zone does not cover a specific geographical area within the district. Instead, the zone focuses on non-traditional learning including blending learning, home school and charter schools. Costs associated with helping manage the charter schools is paid for by the charter schools in the form of administration fees charged on a monthly basis based on the charter schools student numbers.

The iConnect Zone has reinvented educational environments that inspire individuals' peak potential. In iConnect, faculty interconnect effective educational systems, which inspire individuals to their learning potential, investigate and implement best educational practices that lead students to success, invest in students by challenging and developing citizens that compete in a global society, invent settings and systems that empower individuals' learning, leadership and life. The zone strives to inspire individuals with meaningful challenges and surround them with nurturing support to achieve ambitious goals.

The student capacity at Springs Studio for Academic Excellence, Pikes Peak Early College and the Falcon Home School differ from other schools as not all students are at the facility at the same time. Similar, Patriot High School serves a population of students who are at-risk. Under the State definition of an Alternative Education Center, Patriot High School is limited to enrolling students who meet a risk factor. Because of this limitation, Patriot High School tends to have smaller enrollment numbers.

## Executive Summary

To be as transparent as possible to our Stakeholders, the District 49 Business Office is providing more detailed revenue and expenditures than is required by Colorado law. The following discussion of the revenue and expenditures is offered to give the Board of Education and our Community a better view of the district's financial situation on a monthly basis.

The District has no debt, as the last bond payment was in December 2017.

## Notes on the Governmental (General) Fund:

The Per Pupil Revenue (PPR) from the state is currently $\$ 8,221.24$ for in-school students and $\$ 7,790.67$ for online students.

District 49's portion of the Budget Stabilization Factor or Negative Factor is $\$ 15,452,253.42$ for fiscal year 2019-2020. The negative factor is the amount that our school funding is reduced in order to balance the budget at the state level. The district has no input for this reduction in funding.

The student full time equivalent (FTE) number that is used is based on actuals at the October count. As of May 31, 2020 General Funds (plural) net revenue is $\$ 105,811,530$ and expenditures total $\$ 108,855,901$. The majority of revenue ( $93 \%$ ) related to property taxes each year is collected from March to June and are expected to be within budget.

## Notes on Other Funds:

MLO 2016 3B projects are wrapping up and majority of activity is held in fund 49, with the expenses for the refresh and refurbish (priority 2), the high school additions and remodels (priority 3), and the two new elementary schools (priority 4).

The Capital Reserve Fund has a purpose to support expenses related to aging buildings such as water heaters that may break down and need replacement. This fund also houses capital leases on three (3) buildings as well as capital leases on school buses and apple computers for the District.

The Transportation Fund is currently being supplemented by the general fund as planned.

For the current fiscal year, the Accounting Team has produced over 5,847 checks totaling over $\$ 25,463,786$ and 1,266 electronic payments to vendors for over $\$ 10,553,872$. The Payroll Team successfully paid 2,119 employees for the month of May 2020 with a district gross total of $\$ 4,955,513$.

## Conclusion

In total, the district is in good financial condition. We continuously monitor the state budget to determine impacts to our budget in current and future planning cycles.

## Fund 10-18-General Funds (plural)

For the period ending May 31, 2020, total net revenue is $\$ 118,157,507$ or $89.99 \%$ of total budget. $91.67 \%$ is the monthly target. The majority of revenue (93\%) related to property taxes each year is collected from March to June and are expected to be within budget at fiscal year-end.

Total expenditures are $\$ 119,631,717$ or $89.14 \%$ of total budget and are in line with budget.

Revenue transfers from the General Fund 10 to General Fund 15 is done monthly and on a straight line basis for Capital Projects. This fund is mainly used to covered unexpected building repairs, bus leases, computer leases, and three capital leases on buildings. All are expected to be within budget at the end of the fiscal year.

Revenue transfers from the General Fund 10 to General Fund 18 is done monthly and on a straight line basis for Risk Management. This fund is mainly used to covered Property and Liability Insurances for the district.

Fund 17 holds activity for future Stetson Kitchen remodeling and a future Central Office building.

Funds 14 and 16 holds activity for Mill Levy Override projects related to 3A and 3B Priority 1.

Fund 39, 43 \& 49 - COP Repayment Fund \& Cash in Lieu of Land
For the period ending May 31, 2020, total revenue to date is $\$ 10,082,229$ or $66.11 \%$ of total budget. The majority of revenue related to property taxes are collected from March to June and are expected to be within budget.

Fund 43 revenue is generated from cell towers on District land and fees in lieu of land dedication. Mill Levy override monies are received via monthly El Paso County Treasurer's monthly payments. Certificates of Participation (COP's) were used to fund these projects and repayments to Zion's National Bank are paid on a semi-annual basis in December and June each year. This activity resides in Fund 39. The large fund balance at the end of each fiscal year is to ensure monies are set aside to pay the December payment each year.

Expenditures are $11,786,562$ or $58.15 \%$ of total budget. Budget is significantly under spent, but revenue is still outpacing the expenditures.

Expenditures for district spending must be endorsed by the MLO committee and should be approved prior to spending of any funds. Charter schools are reimbursed after the funds are expensed. The timing of expenditures depends on schools identifying projects that meet specific criteria and are reviewed by the MLO committee.

The 3A MLO was approved in 2014 and is to be spent on: (funding revised Nov 2018 with 4C)

1. attracting and retaining highly effective teachers,
2. offering classes for students to receive college credits,
3. securing the ground, traffic flow, main entries, and classrooms at the district and
4. provide students with technology

The 3B MLO was voted on in 2016 and is to be used for four (4) specific categories.

1. teacher compensation
2. refresh and refurbish schools
3. additions and remodels at the three high schools
4. Two new elementary schools

## Fund 22 and 26 - Federal, State \& Local Grant Funds

For the period ending May 31, 2020, total revenue is $\$ 18,398,581$ or $127.56 \%$ of total budget. Total expenditures are $\$ 6,627,137$ or $45.95 \%$ of total budget. Expenditures will equal revenue as revenue cannot be greater than expenses for grant funds. The exception is for the Laptop buy back sales as that is local money. All expenditures are in line within the guidelines of each grant.

See additional grant details at the end of this package.

Fund 23 \& 74 - Student Activity Fiduciary Funds
Fund 23 Activity Fees - For the period ending May 31, 2020, total revenue is $\$ 1,460,892$. Fees are based on participation in extracurricular activities and may fluctuate from year to year or even semester to semester. Expenditures year to date total $\$ 947,279$ or $66.66 \%$ of total budget.

The BOE supports those that qualify for free or reduced food services with transfers on their behalf to cover Transportation services as well as Board Approved Activity fees.

Fund 74 Fundraising - For the period ending May 31, 2020, total revenue is $\$ 2,318,085$. Expenditures year to date total $\$ 1,311,711$ or $59.08 \%$ of total budget.

Funds 23 and 74 are similar in nature with a few differences in the type of money received. Fund 23 revenue comes in the form of fees charges for participation of activities and are Board Approved and gate income. Fund 74 revenue come from school sponsored pupil organization fundraising. For each fund the revenue raised for a specific program can only be spent on that program.

## Fund 19 - Colorado Preschool Fund

For the period ending May 31, 2020, total revenue is $\$ 465,978$ or $91.70 \%$ of total budget. All revenue comes in the form of revenue transfers from the General Fund done on a monthly basis. Expenses total $\$ 428,091$ or $84.30 \%$ of total budget.

## Fund 27 - Before \& After School Care (BASE49) Fund

For the period ending May 31,2020 , total revenue is $\$ 988,233$ or $70.66 \%$ of budget. Expenditure to date are $\$ 1,166,643$ or $83.33 \%$ of budget to date.

All elementary locations within District 49 offer "Before and After School Expeditions" and three offer summer services as well. BASE49 reimburses each school for facility costs, which in turn supports schools with additional funds at the school level.

## Fund 21 - Food Services Fund

For the period ending May 31, 2020, total revenue is $\$ 3,077,079$ or $74.88 \%$ of total budget. The majority of revenue comes from student purchases and reimbursement from the Federal School Lunch Program. Total expenditures are $\$ 3,455,703$ or $84.09 \%$ of total budget. The emergency meals revenue due to Covid-19 will be recognized at year end and it is anticipated that this will bring alignment between revenues and expenditures.

The Food Services fund has been a self-sufficient fund, meaning it requires no support from the general fund. For several years this fund has helped support the general fund but was not be able to do so in FY18-19 due to unexpected equipment repairs to aging equipment at year end. The indirect costs "collected" helps to offset services shared by both departments of the district, such as the Business Office which processes all payments to vendors.

## Fund 25 - Fee for Service Transportation Fund

For the period ending May 31, 2020, total revenue is $\$ 733,634$ or $41.87 \%$ of total budget. The transportation fund is not a self-sufficient fund, meaning it requires revenue from the general fund in order to break even on a yearly basis. Expenditures total $\$ 1,531,066$ or $118.95 \%$ of budget. Rebates and lost fee for service revenue is driving lower than expected revenues due to Covid-19.

For those that qualify for free or reduced food services, the BOE also supports those students with transfers done on their behalf to cover Transportation services as well as Board Approved Activity fees.

## Fund 64 - District Funded Health Insurance

For the period ending May 31, 2020, total revenue is $\$ 1,926,748$ or $18.89 \%$ of budget and expenditures to date are $\$ 3,251,346$ or $33.36 \%$ of budget.

Fund 64 revenue is a combination of employees that sign up for health care benefits as well as the district's portion of said insurance premiums. Expenses are in the form of heath care claims paid by the District. The District operates a self-funded plan through Anthem Blue Cross/Blue Shield. As of January 2020, the District has switched administration to United Health Care for of our self-funded plans.

## Fund 73 - Dane Balcon Scholarship Fund

This fund serves as a place holder as the District is the Fiscal Agent for this scholarship fund. For the period ending May 31, 2020, total revenue from interest income is $\$ 31$. For the current fiscal year, expenditures are $\$ 1,210$.

## Appendix

## A1 Personnel vs Implementation

Total General Fund expenses are separated into personnel costs (salary and benefits) and implementation costs (other spending) for each school.

## A2 Student Activity Programs

Student activity programs are funded with student fees and fundraising. Some programs spend ahead of revenue being received in order to keep the program running. For example, some sports have to send in registration fees to participate in events, but all fees may not be collected at that point (i.e. wrestling, track).
The Board of Education reimburses programs for students on free and reduced lunch. This enables the District to provide a full program regardless of who participates. The reimbursement happens at least twice per year and schools may wait until that reimbursement occurs to supplement any overspent programs from the Principal's Discretionary account. Money from the Principal's Discretionary account comes from building rental fees.

## A3 Utilities

## Falcon Zone

The Falcon Zone has three different utility companies that all have different utility rates. Those utility companies are: Woodmen Hills Metropolitan, Meridian Service Metro District, and Paint Brush Hills. All are running higher than the budget due to increased rates, yet our usage is normal compared to past years.

## Sand Creek Zone

The Sand Creek Zone has two different utility companies that have different utility rates. Those utility companies are: Cherokee Metropolitan District and Colorado Springs Utilities. Horizon Middle School is currently running higher than expected.

## Vista Ridge Zone

The Vista Ridge Zone only has Colorado Springs Utilities providing service.

## A4 Nutrition Services Detail

These charts show the revenue and expenditures by location, including charter schools.

## A5 3A \& 3B MLO Spend by School

These show the Mill Levy Override expenditures for 3A that was approved by the community in 2014 and 3B that was approved in 2016.

## A6 School Data/Building Information

This analysis gives breakdowns of each school owned site within the District comparing FY16-17 and FY17-18. Features include Total Square footage and Enrollment.

## A7 Salary \& Benefits by School

This information is a breakdown by category for the overall District and also by each school/program within the District. Totals by Zone are also included.
